

# SOLID WASTE MANAGEMENT BOARD ALLEGANY COUNTY, MARYLAND

701 Kelly Road, Suite 300  
Cumberland, MD 21502

301-777-5933 FAX 301-777-2001  
www.gov.allconet.org/recycle

## BOARD OF COUNTY COMMISSIONERS

William R. Valentine, *President*  
Creade V. Brodie, Jr.  
Jacob C. Shade

Woody Getz, Chair  
Siera Wigfield, Recycling Coordinator

## **Tentative Agenda**

**August 5, 2015 at 4:00 pm**

**Allegany County Office Complex, Room 212, 701 Kelly Road, Cumberland, MD**

- 1. Welcome/ Introductions as needed**
- 2. Approval of Minutes from July 8, 2015**
- 3. Additions or Corrections to the Agenda For August 5, 2015**
- 4. Old Business**
  - a. 2014/2015 Priorities – Solid Waste Tag Fee Update
  - b. Household Hazardous Waste Collection Event on Saturday, October 10, 2015
  - c. Election Signs
  - d. Progress Report on Allegany County's Solid Waste Management Plan/ Special Event Recycling Program
  - e. 2014 MRA Report
- 5. New Business**
- 6. Committee Reports**
  - a. Education
  - b. Reduce/Reuse
  - c. Reduce/Compost/Event Task Force
  - d. Landfill
  - e. Construction Waste Management
- 7. Adjournment:**

Next SWMB Meeting (Wednesday, September 2, 2015): \_\_\_\_\_

# SOLID WASTE MANAGEMENT BOARD OF ALLEGANY COUNTY

## Meeting Minutes

**July 8, 2015 at 4:00 pm**

### **Room 212, Allegany County Office Complex, 701 Kelly Rd, Cumberland, MD**

- Members Present:* Steve Young, Robert Boyce, Woody Getz, Larry Stouffer, Ron Hawk, Julie Kennel, Agnes Yount, Raquel Ketterman, and Siera Wigfield
- Members Absent:* Steve Miller, Steven Guinn, John Wardzinski, Brian Dicken, Tina Llewellyn, Stuart Czapski, Wally High, and Larry Crossland
- Guests Present:* Melanie Hunt, City of Cumberland Intern
- Next meeting:* August, 2015 at 4:00 pm in County Building, Room 212, 701 Kelly Rd, Cumberland, MD
- 

Chair, Woody Getz opened the meeting at 4:08 pm.

Melanie Hunt, Cumberland's Intern re-introduced herself, she will be working for the City until July 21, and we have enjoyed her presence at the meetings and encourage her to join us at future public meetings.

A motion was made by Steve Young; and seconded by Bob Boyce and the board unanimously approved the minutes for June 8, 2015 SWM Board meeting.

- ♻️ Raquel Ketterman requested to add Cumberland Curbside Recycling Update to Old Business. Motion Made by Steve Young, seconded by Agnes Yount.

## **Old Business**

### **2014/2015 Priorities**

- ♻️ Siera Wigfield reported the County Commissioners will not be increasing the tag fee this budget, but subject will be broached in October 2015.
- ♻️ Steve Young also reported the county has purchased an additional cardboard recycling trailer. Update: trailer was picked up on Tuesday July 13, and placed at the Fairgrounds for the Allegany County Fair.
- ♻️ Siera Wigfield mentioned fixing the Penn-Mar site is still in the works, but no progress as of July. Siera is tasked with looking into finding a new refuse site for Oldtown, and looking for recycling bins for the Multipurpose Building at the Fairgrounds.

### **Household Hazardous Waste Day Update**

- ♻️ Siera Wigfield reported the County will be holding a HHW Event at the Fairgrounds in the field near the ball fields on **Saturday, October 10, 2015**, with Clean Ventures, (contact is Doug Davis) procured through MD Environmental Services.
- ♻️ Siera Wigfield also informed the Board she has drafted \$5,000 grant application to the Chesapeake Bay Trust to help fund the event and outreach, which was submitted July 9, 2015. The application is tailored to making the connection between advertising and holding the HHW Event and how it protects the River and the Bay. The following organizations provided letters of support for the event:

- Advance Disposal
  - Town of Barton
  - Burgmeier's Hauling
  - Allegany County HRDC
  - Chamber of Commerce
  - City of Cumberland
  - City of Frostburg
  - Town of Lonaconing.
- ♻️ As of the July 8, 2015 we have the following financial commitments for the event: Allegany County, City of Cumberland, NEPCO, City of Frostburg, and Advance Disposal. Siera agreed that the County could invoice the supporters after the event, once we know the cost of the event (dependent on the amount of HHW received.) [Update: The Town of Lonaconing is going to contribute \$500 to the event.]
  - ♻️ The HHW Event Task force will meet the next three meetings before the October 10<sup>th</sup> event.

## Election Signs

- ♻️ Raquel Ketterman still needs to look into this. If these are recyclable she suggested perhaps having a collection or drop-off event after this round of elections.
- ♻️ Woody Getz reported at the Maryland Municipal League Conference they mentioned this issue of election signs and related eyesores.

## Progress Report on Allegany County's Solid Waste Management Plan

- ♻️ Siera Wigfield presented the most current changes to the Solid Waste Management Plan, which includes the Apartment Building and Condominium Recycling Program (ABCR) and Special Event Recycling Program (SERP). Latest draft of the SWM Plan here: <http://www.gov.allconet.org/recycle/plans.html>. Attached is the list of revisions, ABCR and SERP. The next step is to hold a public hearing for these changes and have the Commissioners adopt the plan, and submit the plan to MDE. The next Progress Report to MDE is due March 24, 2017.

## 2014 MRA Report

- ♻️ Siera Wigfield has no update on the 2014 MRA.
- ♻️ Steve Young looked into Garrett County's Solid Waste Plan to see why they have such a high recycling rate 56.39% in 2013 :
  - ~29,000 Tons Landfill
  - ~22,000 Tons Recycling
    - ~15,000 Tons Compost
    - ~800 Tons Residential Recycling

## Cumberland Curbside Recycling Update

- ♻️ Raquel Ketterman reported July 1, 2015 was the 1 year anniversary for Cumberland's Curbside Recycling with Burgmeier. At Heritage Days Melanie Hunt and she answered questions about recycling. Last year at Heritage Days before the Curbside was in effect they set up two recycling bins adjacent to the trash cans near the booth. There was a great deal of contamination and all of the aluminum was taken out of the bins. This year the public was clearly more informed and 4 large bags of recyclables collected.
- ♻️ Melanie Hunt informed the group the booth had a hands-on exercise to help the public understand the program. Overall the public is happy and excited about the recycling. The outreach has helped address concerns about which plastics to recycle, not to include mirrors, how to bundle paper, addressed neighborly peer pressure and how to get the schedule out to the residents. Overall in the first year 144 tons of comingled and 162 tons of paper were collected (total 306 tons).
- ♻️ Raquel Ketterman also mentioned that Burgmeier's collectors notice an increase in participation as time goes on. She is working on educating about plastic bags. In addition the Downtown Development

Commission has purchase a recycling bin with three compartments as a pilot program to include recycling downtown.

- ♻️ Woody Getz suggested the perhaps businesses could have an “adopt a bin” program to continue the efforts.
- ♻️ Siera Wigfield mentioned if there was an opportunity in the future maybe the City and County can purchase bins together to get a better bulk rate. She also mentioned some counties have bin loaner programs to help supply bins for events.
- ♻️ Ron Hawk asked if there would be recycling for plastic that covers round hay bales. Some agricultural areas have events of drop offs for Ag recyclables, such as they do in WV.

## **New Business**

### **Marketplace Podcast on Recycling**

- ♻️ Woody Getz informed the group he heard a piece from Marketplace on NPR about the economics of Recycling: <http://www.marketplace.org/topics/sustainability/reduce-reuse-rethink>

## **Committee Reports**

### **Education**

- ♻️ Raquel Ketterman and Melanie Hunt continue to educate the public on the curbside recycling at the Farmer’s Market on Thursdays.

### **Reduce/Reuse**

- ♻️ Siera Wigfield contacted Joey Crawford, owner of Frostburg Ginanni’s, to pick up contaminated cooking oil at the Fairgrounds. Oil was picked up July 16 and 17 to be repurposed for bio-diesel.

### **Recycle/Compost/eCycling Task Force**

- ♻️ Siera Wigfield reported the compost should be ground soon.

### **Landfill**

- ♻️ Steve Young asked Siera Wigfield if the work has been completed at the Vale Summit closed landfill. Siera informed him it has been too rainy for the Roads Department to complete the work.

### **Construction Waste Management**

- ♻️ No meeting.

Meeting Adjourned at 5:00 pm

*Minutes prepared by Siera Wigfield, Recycling Coordinator and Reviewed by Woody Getz, Solid Waste Management Board Chair.*

## **Attachments**

- ♻️ Solid Waste Management Plan Update Summary
- ♻️ Allegany County’s Special Event Recycling Program (SERP)
- ♻️ Allegany County’s Apartment Building and Condominium Recycling Program (ABCR)

**July 2015 Solid Waste Management Plan Update**  
**Link to Plan: <http://www.gov.allconet.org/recycle/plans.html>**

Introduction

Forward changed to Introduction page 4 (i)

B. 2. Changed more than 10 to 10 or more and added “An Apartment Building and Condominium Recycling Program has been included in Chapter V of this Plan.”

C. 3. Added a statement about the Special Event Recycling Program is included in Chapter V. page 5 (ii)

Chapter III

Updated Waste Stream Table III-1 to MDE’s recommended format. Page 27 (III-2)

Added (6) (c) Curbside Recycling “Effective July 1, 2014, the city of Cumberland began offering curbside recycling to its residents via its waste hauling contract with Burgmeier Hauling.” Page 39 (III-14)

Moved Recycling in the Public Schools to (6) H. in Chapter 3 formerly in Chapter 5 page 42-44 (III-17-III-19)

Chapter IV

Also made mention of Burgmeier’s Curbside recycling on page 73 (IV-25)

Chapter V

(1&2) (a) (1.) end of paragraph “Refer to Section (g)6.a.of this chapter for a discussion of future landfill capacity.” page 86 (V-1)

(1&2) (a) (2.) 3rd Paragraph changed “transfer station” to “processing facility and transfer station” page 86 (V-1)

(3) Updated NewPage to Verso page 86 (V-2)

Moved Public School Recycling Section 13. to Chapter 3

14. Added ABCR Program Language- See Attachments Page 91-95 (V-7 – V-11)

15. Added Special Event Recycling Program Language - See Attachments Page 95 - 99 (V-11 – V-16)

(4) – new “a” to read “In, 2012 the Maryland General Assembly passed the Recycling Rate and Waste Diversion – Statewide Goals Act. The Act revises the Maryland Recycling Act (1988) by increasing the mandated recycling rates for all Maryland jurisdictions to at least 35% or 20%, depending on population. The Plan must be fully implanted by December 31, 2015. Page 101(V-17)

**Allegany County Special Events Recycling Program (SERP)**

Environment Article, §9-1712, Annotated Code of Maryland, requires special events organizers to provide for recycling at special events that meet the following three criteria:

1. Includes temporary or periodic use of a public street, publicly owned site or facility, or public park;
2. Serves food or drink; and
3. Is expected to have 200 or more persons in attendance.

Projected attendance may be estimated based on past attendance, number registered to attend, the venue's seating capacity, or other similar methods.

In consultation with municipalities, the County has identified the following public sites within the County that host or may host special events meeting the above criteria. In addition to the sites listed individually, special events taking place on any local, State, or Federally-owned streets are also included in the Special Events Recycling Program (SERP).

Publicly-owned sites:

The table below contains a list of Municipal, County, State and Federal Sites that may hold Special Events.

Name	Acreage	Classification	Ownership
Allegany County Fairgrounds	151.0	Community Park	County
Allegheny Highlands Trail	417.0	Community Park	County
Bel Air Community Park	10.0	Community Park	County
Bowling Green Community Park	18.0	Community Park	County

Warrior Mountain Wildlife Management	4174.0	State Wildlife Management Area	State
Wills Mountain State Park	52.0	State Wildlife Management Area	State
Ridgedale Playground	1.0	Neighborhood Park	Municipality

**A. Materials and Obligations:**

Special events organizers are responsible for:

1. Providing and placing recycling receptacles adjacent to each trash receptacle at the event (except where already existing on site);
2. Ensuring that recycling receptacles are clearly distinguished from trash receptacles by color or signage;
3. Providing any other labor and equipment necessary to carry out recycling at the event;
4. Ensuring that materials placed in recycling receptacles are collected and delivered for recycling; and
5. Paying any costs associated with recycling at the special event;

Special events organizers may fulfill the requirement to ensure materials are collected and delivered for recycling through one or more of the following methods:

1. Self-hauling the materials to the County recycling drop-off site;
2. Contracting with a recycling hauler to collect the materials and deliver them for recycling; or
3. Receiving prior agreement from the site owner to use an existing recycling collection system available at the site.

Recycling at a State-owned site must follow the State agency's recycling plan, if available. Recycling at a federally-owned site must follow any applicable federal recycling plan. If no State or federal recycling program is available for the site, the special event organizer must set up a recycling program in accordance with the SERP. Recycling at municipally-owned sites must follow any additional regulations established by the municipality.

**B. Stakeholders:**

The following stakeholders will be involved in the SERP:

1. Allegany County Department of Public Works (ACDPW) may oversee recycling activities and may provide assistance to entities that potentially host events falling under the recycling mandate in §9-1712 that are included in the SERP.
2. ACDPW in cooperation with Allegany County Solid Waste Management Board will publicly communicate the requirements of the law to

prospective special events organizers and owners/operators of publicly-owned sites in the County. Allegany County Department of Public Works Solid Waste and Recycling may assist special events organizers in setting up recycling programs; monitor the progress and performance of the SERP; and develop and communicate any additional requirements for recycling under the SERP at county-owned facilities.

3. Special Events Organizer: Responsible for providing recycling bins and ensuring collection for recycling in accordance with the requirements in §9-1712, beginning the later of October 1, 2015.

#### **C. Program Monitoring:**

The special events organizers may cooperate with the County Recycling Coordinator to monitor progress and performance of the SERP, as follows:

Outreach- Special Event Recycling Fact Sheet, outlines the SERP requirements to SEOs are available on the County's Recycling webpage: [gov.allconet.org/recycle](http://gov.allconet.org/recycle).

Monitoring: Special Event Recycling Report Form may be used to report to Allegany County's Recycling Coordinator the amount of recycled material at the special event. The Report Form is available on the County's Recycling webpage: [gov.allconet.org/recycle](http://gov.allconet.org/recycle).

The special event organizer (SEO) is responsible for monitoring the implementation of recycling at the special event. Special event organizers must oversee placement and labeling of recycling receptacles and collection and recycling of recyclables. Performance of any recycling contractor engaged for compliance with the SERP may be monitored by the special event organizer. The special event organizer must promptly take action to correct any deficiencies in the contractor's performance.

#### **D. Program Enforcement**

While the County will cooperate with and assist those regulated entities to comply with the law, the County does not plan to undertake responsibility for enforcement of this law either in its municipal or non-municipal areas.

## **Allegany County Apartment Building and Condominium Recycling (ABCR) Program**

In April, 2012, the Maryland General Assembly passed House Bill 1, Environmental-Recycling – Apartment Buildings and Condominiums requiring recycling in all apartment buildings and condominiums that contain 10 or more dwelling units. The law becomes effective on October 1, 2012 (amending Section 9-1703 of the Environment Article, Annotated Code of Maryland). Section 9-1703 (b) (12) of the Environment Article, Annotated Code of Maryland requires each County and Baltimore City to revise its recycling plan within the Solid Waste Management Plan by October 1, 2013.

### *A. Apartment Building and Condominium Recycling Program*

Through the cooperation of the Allegany County Department of Public Works (DPW) and local municipalities, the County has identified (51) apartment buildings and condominiums that fall under the scope of the law. Of these apartment buildings and condominiums (37) are located within municipal boundaries; the remainder (14) are in non-incorporated areas.

The County Recycling Coordinator will relay a copy of the law, the ABCR Program, including the materials that must be recycled (i.e., plastic, metal, glass containers, and paper) to the apartment and condominium officials.

Apartment and condominium officials shall decide how the materials will be stored, collected, and transported to the recycling markets, the County Recycling Center, or bonafide recycling center. Apartment and condominium officials are encouraged report to the County on an annual basis details on the required recycling activities. An online form will be prepared by the Recycling Coordinator. Other program requirements include:

#### 1. Materials Included in Program

Recyclables include: plastic, metal, and glass containers, and paper.

#### 2. Collection of Material

Apartment and condominium officials are responsible for providing all containers, labor, and equipment necessary to fulfill recycling requirements throughout their buildings. Distinctive colors and/or markings of recycling containers should be provided to avoid cross contamination. The apartment and condominium officials must ensure collection and transportation of recyclable materials from apartment and condominium to the location where the materials are delivered.

#### 3. Marketing of Materials

Apartment and condominium officials are responsible for the marketing of their recyclables or delivering them to a bonafide recycling center, such as the County's Recycling Center. The apartment and condominium officials are encouraged to submit annual reports detailing the recycling tonnage removed from the apartment and condominium and the markets or bonafide recycling destination for the materials.

**B. Stakeholders**

Stakeholders that will be involved in implementing the law are:

1. County Commissioners – Responsible for adopting language of ABCR Program for the Plan amendment.
2. County Department of Public Works – Responsible for overseeing Recycling and Solid Waste activities and maintain a list of all apartment buildings and condominiums that fall under the requirements are included in the ABCR Program.
3. County Recycling Coordinator – Communicate the requirements of the law to the apartment and condominium officials. As requested, assist apartment and condominium officials in developing a recycling program. Develop an online recycling reporting survey to be used by apartment and condominium officials in reporting recycling activities.
4. County Solid Waste Management Board - Update County’s recycling plan to include the ABCR program and amend the County Solid Waste Management Plan.
5. Owner or Manager of the Apartment Building or Councils of the Unit Owners of Condominium – Responsible for providing recycling to the residents of each apartment building or condominium by October 1, 2014. Secure and manage recycling contracts with the contractor for providing material collection and recycling services from the building locations. Provide material collection bins and containers for transporting the materials from the buildings to the markets. Perform record keeping and may report to the County on annual basis.

**C. Participating Apartment Buildings or Condominiums (51) in ABCR Program**

*Note: New apartment buildings or condominiums that will fall under the requirements of the law will begin participating in the ABCR when receiving occupancy permit from the appropriate jurisdiction.*

**D. Program Monitoring**

The County Recycling Coordinator will assist the regulated entities, as requested, to comply with the ABCR Program. However, the apartment and condominium officials will conduct inspections, review service levels, investigate reported or unreported pick-up and disposal complaints, meet with residents or recycling contractor staff to educate or review practices, and review contractor compliance with the recycling contract.

The apartment and condominium officials shall be responsible to keep the residents current on new regulations, laws, and mandates affecting recycling in the apartment buildings or condominiums.

**E. Program Enforcement**

While the County will cooperate with and assist those regulated entities to comply with the law, the County does not plan to undertake responsibility for enforcement of this law either in its municipal or non-municipal areas.
