

exception use in the "R" Zoning District in accordance with Section 141-92(B) of the Ordinance.

2. The lot size is approximately 15,965 square feet.
3. The lot has 40 feet of frontage on Parkersburg Road.
4. The proposed structure will be set back at a minimum of 40 feet from the nearest neighboring residence.
5. The side yard will be approximately 8 feet wide on the east side and approximately 8 feet wide on the west side. The rear yard will be approximately 25 feet wide.
6. The garage will be approximately 17 feet high.
7. The buildable site has a slope of less than 25 percent.
8. There are no streams within 50 feet of the site upon which the proposed use will be placed.
9. There are no designated wetlands or habitats for threatened or endangered species within 50 feet of the site where the proposed use will be located.
10. The Applicant does not plan to utilize any billboards. The Applicant does not plan to use any exterior lighting other than dusk to dawn lighting.

11. The Board found that a standard site plan is required for this use due to the fact that the use would not involve the construction of a building larger than 2,500 square feet, the movement of 250 or more cubic yards of earth, and/or the disturbance of 20,000 square feet of surface area. Having made that determination, the Board applied the criteria of Section 141-113 of the Ordinance to the site plan which was submitted by the Applicant. The Board found that the site plan met those criteria.

Based upon the foregoing findings, the Board found that the Applicant will comply with the criteria of the Zoning Ordinance. Having made that determination, the Board next considered whether "the facts and circumstances indicate that the particular special exception use and location proposed would cause an adverse effect upon adjoining and surrounding properties unique and different, in kind or degree, than that inherently associated with such a use, regardless of its location within the zone ...". Brandywine Enterprises v. County Council for Prince Georges County, 117 Md. App. 525 (1997).

No evidence of site-specific adverse impact was presented. The Board found that there was no evidence offered to show that the site would cause any site-specific adverse impacts.

CONCLUSIONS

Based upon the findings set forth above, the Board voted at the conclusion of the hearing of October 6, 2010, 3-0 in favor of granting the Applicant's request for a special exception for a residential storage building greater than 900 square feet in first floor area in the "R" Zoning District. As a condition to the granting of the Board's approval, the Applicant will be required to comply with the terms and criteria of the Zoning Ordinance at all times. The Applicant must also obtain the approval of all State, County, and municipal agencies whose approvals are required for the conduct of the proposed use, including, but not limited to, Soil Conservation District, Allegany County Health Department, ACDPW Roads Division, Zoning Certification, Building Codes Compliance, House Numbering, Floodplain Management, Subdivision Review and Structural/Electrical Inspection Agency.
