CHAPTER 2.

STATEMENT OF POLICY

It is the policy of Allegany County government to ensure equal employment opportunity for all Employees and appointed representatives. This commitment includes a mandate to promote and afford fair and equal treatment and services to all County residents, County representatives, and Employees, and to assure to all persons equal employment opportunity based on ability and fitness regardless of race, religion, color, creed, national origin, sex, marital status, age, or the presence of any sensory, mental, or physical disability unless such disability effectively prevents the performance of the essential duties required of a position and which are bonafide occupational qualifications which cannot be accommodated without undue hardship. The goals and objectives of this policy are to:

- Ensure fair treatment and non-discrimination in County hiring and promotional opportunities, Employee benefits, and in appointments to and service on County boards and commissions; and
- Provide compliance with local, state and federal Equal Employment Opportunity requirements and regulations; and
- Provide a basis for encouraging those who do business with the County to practice Equal Employment Opportunity.

ARTICLE 2.1 AFFIRMATIVE ACTION

Allegany County's Affirmative Action efforts will be focused on assuring the full utilization of qualified minorities, females, and other protected groups in direct relation to their availability in the local work force. Affirmative Action will not include such unlawful practices as the lowering of job qualifications or standards for minorities and females, or the hiring of unqualified minorities and females.

Management personnel are strongly encouraged to promote equal employment opportunities in all phases of their daily operations at all levels of employment. Disciplinary actions may be taken against those persons willfully violating these provisions.

ARTICLE 2.2 NEPOTISM

- a. It is the Employer's policy that immediate family will not be employed in positions where:
 1. One relative would have the authority or practical power to supervise, appoint, remove, discipline or evaluate the performance of the other.
 2. One relative would be responsible for auditing the work of the other.

3. One relative would handle confidential material which might create the appearance of improper or inappropriate access to that material by the other.
4. Two relatives from different departments could influence the final outcome of County projects and/or policy decisions.
5. Other circumstances exist which would place the relative in a situation of actual or reasonably foreseeable conflict between the Employer's interest and their own.

b. For purposes of this Article, an Employee's "immediate family" shall be limited to the Employee's: parent; spouse (or spousal equivalent in a cohabitational relationship); child, including step-child and adopted child; sibling; step-sibling; mother-in-law; father-in-law; grandparent; and grandchild. This policy shall also apply to persons related by blood or marriage, and/or cohabitational relationship, residing in an Employee's home.

c. When a relationship as described in Article 2.2, paragraph 2, occurs during employment, one of the Employees must be transferred to another department where the reporting, auditing, or supervisory relationship does not exist. If a transfer cannot be accomplished due to the unavailability of an open position, one of the Employees must resign. The decision as to which Employee will transfer or resign will be made in the first instance by the Employees involved. If the Employees do not decide which Employee will transfer or resign within 30 days after becoming related to one another, the County Administrator, upon consultation with the Director of Human Resources, shall determine which employee will transfer or resign based upon the best interest of the County.

d. The County Administrator shall make the final determination as to whether a situation of conflict exists.

ARTICLE 3.4 POSITION CREATION AND ABOLISHMENT

Section 3.401. Whenever it is determined that the duties and responsibilities of one or more positions are not appropriately described by any authorized Class in the Classification Plan, the County Human Resources Director, under the direction of the County Administrator, and upon review by the Board of County Commissioners, shall create a new Class.

- b. Difficulty and complexity of duties;

Section 3.503. The same procedure as described in Section 3.502 shall be followed in the event an Employee, who has reason to believe a change has occurred in the duties and responsibilities of his or her position, submits a request to reclassify the position. Section 3.504. On a periodic basis, or in the event the Human Resources Director has reason to believe a change has occurred in the duties and responsibilities of one or more positions, the Human Resources Director may initiate a reclassification review by requesting the Department Head to submit revised position descriptions to the Human Resources Director. The Human Resources Director may then, at his or her discretion, submit the file to the County Administrator for his recommendation and subsequent forwarding to the Board of County Commissioners for its review.

Section 3.505. In order for any Employee to continue serving in a position that has been reclassified, the Employee must meet the minimum qualifications and requirements of the reclassified position. ARTICLE 3.6 COMPENSATION OF INDIVIDUALS IN RECLASSIFIED POSITIONS

Section 3.601. Reclassification to a higher pay grade shall entitle an employee to a five percent (5%) increase in salary/wage above their current compensation or the minimum of the higher grade if less than five percent (5%). Furthermore, the new grade/step shall not exceed the maximum limit of the new pay grade.

Section 3.602. Reclassification to a lower grade level is to be made in such a way as not to decrease the current pay of the incumbent. Should the maximum rate in the lower grade be smaller than the rate currently paid to the incumbent, the current rate will remain unchanged for a period of up to twenty-four (24) months. At the end of that period, the pay shall be automatically adjusted within the appropriate pay grade.

- g. The applicant will be paid at his/her current rate of pay for any donated sick leave pay.

ARTICLE 7.2 LIGHT DUTY

Generally, Employees must be able to perform all of the activities and responsibilities of their job. Injury or illness result in lost production and income, diminish Employee self-esteem and affect the Employee/Employer relationship. Injuries and illnesses, also, may temporarily render an individual unable to perform his or her duties. When this occurs, the Employer, at his discretion, may temporarily assign an Employee who suffers a health condition to either a modified or limited-duty status. An Employee's early return to work in a limited non-permanent capacity serves to lessen the financial impact to the residents of the County, preserves a balance of respect between Employees and the Employer and presents a positive message to the remaining work force.

It is the intent of Allegany County government to strive to return all injured or ill Employees to productive work in a timely fashion, compatible with the medical condition of the Employee and workplace safety. Modified or limited-duty status will be generally considered for all Employees unless an Employee is totally disabled or medically determined unable to work.

Section 7.201, Scope.

- a. These guidelines set forth herein apply only to an Employee who is expected to return to full duty in their previously-held position within a prescribed time period.
- b. The limited duty assignment will not become a permanent assignment. The total number of days that an Employee may be given limited duties may not exceed thirty (30) consecutive calendar days in any consecutive 12-month period for the same injury.
- c. The modified duty assignment will not become a permanent assignment. The total number of days that an Employee may be assigned modified duties may not exceed 90 consecutive calendar days in any consecutive 12-month period for the same injury.
- d. The maximum number of calendar days that an Employee may be on limited and modified duty for a year is 120 calendar days.

Section 7.202, Definitions. The following terms pertinent to these guidelines have the meaning indicated:

- a. **"Appointing Authority"** means the person or persons who have the power to make appointments and to terminate employment. (See Section 1.202)
- b. **"Appropriate assignments"** are duties at the same pay grade consistent with the recovering Employee's physical condition.
- c. **"Limited Duty"** means the assignment of reduced working hours during which the Employee carries out all of his or her job activities for a specified number of hours daily (less than the normal duration of shift) and supports an early return to work.
- d. **"Modified Duty"** means a temporary assignment of job tasks (not necessarily within his or her normal job classification nor within his or her normal department) which is compatible with an Employee's medical restriction(s) and supports an early return to full duty.
- e. **"Medical Restriction"** means limitations on the types and duration of physical effort the Employee can tolerate, e.g. physical tolerances (sitting, standing, pushing/pulling, carrying, lifting, kneeling/squatting, walking, etc.); duration tolerances (hours at a time or hours per day); environmental tolerances (noise, heat/cold, dust, dampness, heights, chemicals, fumes, gases, vibration, etc.); and treatment needs (therapy appointments, hot/cold treatments, medication needs and side effects, etc.).
- f. **"Temporary Physical Disability"** is any medical condition which is not permanent but which restricts an employee from performing the normal duties of their classification.

Section 7.203, Procedures for Granting Temporary Physical Disability.

- a. After an absence of three (3) or more consecutive days due to a job-related illness only or job-related injury only, an Employee shall submit an original physician's certificate to the Employer's Human Resources Director or designated department representative.
- b. The physician's certificate shall include:
 - (1) Statement that the physician has reviewed job description;
 - (2) Statement that the Employee may return to work;
 - (3) A diagnosis of an Employee's illness or impairment within the confines of HIPPA (Health Insurance Portability and Accountability Act of 1996);
 - (4) A prognosis for recovery;
 - (5) The estimated date when the Employee will be fully recovered; and
 - (6) Any medical restrictions to be considered when identifying a limited-duty or modified-duty status.
- c. If the documentation provided by the Employee as noted above is incomplete or unclear, the Human Resources Director or Appointing Authority may request that the Employee secure more detailed medical information.

- d. The Human Resources Director, at the direction of the Appointing Authority, may arrange for a subsequent medical opinion for the purpose of determining whether the Employee has a medical restriction which would prevent the Employee from performing limited or modified-duty assignments, or to verify the findings and the opinion of the Employee's physician.
- e. Regardless of a limited-duty or modified-duty assignment, the physician's certificate shall be updated and submitted by the Employee to the Human Resources Director or designated department representative at least every thirty (30) calendar days during a medically restricted status.

Section 7.204, Appropriate Assignment.

- a. If, based on the Human Resources Director's recommendation, after concurrence by the Appointing Authority and Department Head that adjustment of duties (limited or modified) will not be harmful to the Employee, will not create an undue hardship on other Employees and will not adversely affect the work of the assignment location, the Employee's supervisor and the Human Resources Director shall determine an appropriate assignment considering the Employee's medical restrictions and the County's needs.
- b. The assignment shall be reevaluated and updated, as applicable, by the Human Resources Director and Employee's supervisor upon submission and review of the Employee's physician's 30-day certificate on the Employee's medical progress.
- c. When an appropriate assignment is not available in the Employee's job classification within his or her assigned department, the Employee will be given other job tasks to perform that accommodate his or her pay restrictions at the same pay grade outside his or her department.
- d. A recovering worker may not be assigned work tasks under limited-duty or modified-duty status inconsistent with the physician's medical restrictions or as determined by the Employer's physician.
- e. If the Employer is unable to accommodate the recovering Employee's restrictions, the Employee will remain on accident or other leave as appropriate until such time as an appropriate assignment or location is identified, or the Employee's condition improves sufficiently to allow him or her to be assigned.
- f. The Human Resources Director, or the Employee's supervisor, with concurrence from the Human Resources Director, will notify the recovering Employee of his or her limited-duty or modified-duty responsibilities. Said notice may be in writing when necessary. The Human Resources Director, Employee and the Employee's supervisor shall review the Employee's work assignment, duties to be performed, and work restrictions as applicable.

Section 7.205, Refusal of Limited-Duty or Modified Duty.

- a. An Employee who refuses to cooperate in medical evaluations shall be disciplined accordingly.
- b. An Employee who refuses a limited-duty or modified-duty assignment shall be on a leave of absence without pay for medical reasons; and
- c. Any Employee who refuses limited-duty or modified-duty assignment shall be reported to the Worker's Compensation Carrier, and a request shall be made by the Appointing Authority for a suspension of temporary total benefits.

Section 7.206, Implementation of Guidelines. The implementation of these guidelines shall not contravene or conflict with any duty or act required by the Employer under the Family and Medical Leave Act; and/or the Americans with Disabilities Act.

ARTICLE 7.3 FAMILY AND MEDICAL LEAVE ACT

Section 7.301, Policy. The Family and Medical Leave Act (FMLA) provides eligible Employees with up to twelve (12) workweeks, a maximum of four hundred eighty (480) hours, of unpaid, job-protected leave for certain family and medical reasons.

Section 7.302, Eligible Employees. Employees who have at least 1,250 hours of service and who have been employed by the Employer for at least twelve (12) months are eligible to receive leave under the FMLA.

Section 7.303, Eligible Events. An eligible Employee is entitled to FMLA leave when any of the following occurs:

- a. The birth of a child, in order to care for the child;
- b. The placement of a child for adoption or foster care;
- c. A serious health condition of the Employee's son, daughter, parent, or spouse, in order to care for that individual; or
- d. An Employee's serious health condition that prohibits the employee from doing his or her job.

Section 7.304, Serious Health Condition. A serious health condition for purposes of the FMLA is a physical or mental condition that involves:

- a. an overnight stay in a hospital, hospice, or residential medical care facility; or
- b. an absence from work, school, or other regular daily activities for more than three calendar days that also involved continuing treatment by, or under the supervision of, a health care provider; or

c. a continuing treatment of, or under the supervision of, a health care provider for a chronic or long-term illness that is incurable or so serious that, if not treated, would likely result in incapacity for more than three days; or

d. prenatal care.

Section 7.305, General Entitlement.

a. An eligible Employee is entitled to a total of twelve (12) workweeks of leave during the twelve (12)-month period that begins on the date when leave is first taken. For the birth or placement of a child, that twelve (12)-month period expires on the first anniversary of the date of the child's birth or placement. If both spouses are employed by the Employer, the aggregate amount of FMLA leave to which both are entitled may be limited to 12 workweeks for the birth or placement of a child or for the care of a sick parent.

b. An Employee has the option of taking all or only part of the twelve (12) week period.

Section 7.306, Compensation.

a. Employees are entitled to unpaid leave, but an Employee has the option of substituting any accrued vacation leave, personal leave, or sick leave for any part of the twelve (12)-week period.

b. If an Employee elects to substitute any accrued vacation leave, personal leave, or sick leave for part or all of the twelve (12)-week period, the Employee will be paid his or her regular salary during the part of the FMLA leave for which the accrued leave is substituted. Any remaining time taken under FMLA will be unpaid leave.

c. If an Employee chooses not to substitute any accrued leave for any part of the leave granted under the FMLA, the Employee may use all of his or her accrued leave, however earned, and then use up to twelve (12)-weeks of unpaid leave available under the FMLA.

Section 7.307, Benefits.

a. Leave under the FMLA does not result in the loss of any employment benefits during the period of leave taken. Group health plan benefits will continue on the same basis as coverage would have been provided if the Employee had been continuously employed during the leave period, except as provided in paragraph (c) of this section.

b. If leave taken under the FMLA is paid leave, the Employer and Employee shares of health plan premiums shall be paid in the method normally used. (For example, if an amount is usually deducted from an Employee's pay check for health insurance, these deductions will continue for the duration of the leave; the Employer will continue paying its usual share.)

c. If leave under the FMLA is unpaid leave, the Employer shall continue to make its usual share of a health insurance premium, and the Employer shall meet with the Human Resources Director to determine how the Employee will pay the Employee's share of any health insurance premium during the period of unpaid leave. If, after reaching an arrangement concerning the Employee's contribution, an Employee's premium payments are more than thirty (30) days late, the Employer will be under no obligation to maintain the Employee's health insurance coverage.

d. An Employee is not entitled to the accrual of any additional seniority or employment benefits during the FMLA leave.

Section 7.308, Work Schedules.

a. FMLA leave can be taken all at one time or, for a serious health condition, intermittently or on a reduced leave schedule. An intermittent work schedule is one in which leave is taken periodically for a few hours or several days to accommodate visits to doctors, for example. A reduced leave schedule is a schedule in which the Employee works a reduced number of hours per day or per week.

b. Intermittent or Reduced Leave Schedules are permitted for the birth or placement of a child only if both the Employer and the Employee agree to the arrangement. It is otherwise available only when medically necessary to care for a serious health condition.

c. For a serious health condition, the Employer may require the Employee to transfer temporarily to an alternative position which has equivalent pay and benefits and that better accommodates a recurring period of leave.

d. If leave is taken under an Intermittent or Reduced Leave Schedule, only the amount of leave actually taken may be counted towards the twelve (12)-week limit. For example, if an Employee takes one day of leave over a five-day work week, then the Employee uses one-fifth of a week of the FMLA leave. If an Employee works half days for one week (20 hours out of 40), the Employee uses one-half week of leave under the FMLA.

e. Employees shall be permitted to take leave in the shortest increment that the Employer's payroll system uses to account for absences.

Section 7.309, Notice.

a. When leave is foreseeable, based on planned medical treatment for a serious health condition, or for the birth or placement of a child, the Employee shall provide a thirty (30) day notice. When foreseeable leave will be used on planned medical treatment, the Employee must make a reasonable effort to schedule the treatment so as not to disrupt operations unduly.

- b. When it is not possible under the circumstances to provide advance notice of leave, notice must be given as soon as practical.

Section 7.310, Certification. The Employer may require that a health care provider certify a request for leave for a serious health condition. At the Employer's expense, the Employer may require that a second opinion be obtained from a health care provider designated or approved by the Employer. In cases where two opinions differ, a third and binding opinion by a health care provider, approved by both parties, at the Employer's expense, may be required.

Section 7.311, Reemployment.

- a. Upon return to employment, the Employer shall restore the Employee to the position held when the FMLA commenced or to an equivalent position, as measured in terms of Employee benefits, pay, and other conditions of employment.
- b. If an Employee fails to return to work for reasons within his or her control, the Employer may recover from the Employee the Employer's cost for maintaining the Employee's group health plan coverage during a period of unpaid leave.
- c. The Employer may require that a health care provider certify an employee is fit for work after the Employee returns to work from a serious health condition.

ARTICLE 7.4 DISABILITY LEAVE

Section 7.401, Definition. Disability Leave is paid leave granted to an Employee who is temporarily disabled as a result of an accidental injury or illness sustained directly in the performance of the Employee's work, as provided for in the Workers' Compensation Law of the State of Maryland.

Section 7.402, Benefits and Requirements.

- a. An Employee who is deemed temporarily disabled under the Workers' Compensation Law of the State of Maryland and who is unable to work due to the disability shall be granted an excused absence with full pay by the Employer for the first three (3) days following the onset of the disability. Following the three (3) day period, the Employee shall be entitled to receive his or her regular rate of pay to the extent the Employee has accrued leave and elects to use such leave. In the event an Employee is without accrued leave or does not elect to use his or her accrued leave, the Employee shall receive the amount provided under the Workers' Compensation Laws of the State of Maryland.
- b. Any Workers' Compensation wage payments due an Employee during the period when full wages are being paid by the Employer shall be endorsed or otherwise remitted to the Employer for payment to the Employer.

c. Disability Leave shall not be charged against any accrued sick leave or other type of leave unless requested by the employee.

d. An Employee using Disability Leave shall continue to accrue all benefits and seniority, excluding holiday pay, during the period of leave, including the Employee's health and life insurance coverage, and retirement benefits, under the conditions applicable to all Employees.

ARTICLE 7.5 ANNUAL/VACATION LEAVE

Employees are granted paid vacation based upon years of service with the County. Vacations should be taken annually for the benefit of the physical well-being of the Employees, as well as for operating effectiveness. Vacation is provided to ensure that the Employee takes time for relaxation and recreation from work assignments and responsibilities and, therefore, it is recommended that the Employee use his/her vacation time.

Section 7.501, Annual Accrual. Full-time County Employees shall accrue annual vacation time as follows:

	Hours <u>Per Pay</u>	No. <u>Pays</u>	Total <u>Accrual</u>	Maximum <u>Accrual</u>
1st Year	1.85	26	48	48
2-5 Years	3.08	26	80	160
6-9 Years	4.62	26	120	240
10-19 Years	6.15	26	160	320
20+ Years	7.69	26	200	400

Maximum Accrual refers to the total vacation hours which can be carried at any point in time. Accrual begins at the beginning of the "anniversary date", not when the year is completed.

Section 7.502, Probational Accrual. Although an employee shall accrue vacation leave on a per pay basis from this date of hire, new employees shall not be authorized use of such leave until the probationary period has been completed.

Section 7.503, Carryover. Each Employee is encouraged to take the vacation accrued annually. The maximum amount of vacation that an Employee may carry at any one time is equal to twice the

annual accrual. For example, if an Employee accrues ten (10) vacation days per year (80 hours), the most said Employee may carry at any point in time is twenty (20) days (160 hours).

Section 7.504, Maximum Accrual Hours. Accrued hours will be displayed on the Employee's pay stub so the Employee will always be aware of how much vacation is available and if vacation hours are approaching the maximum limit. In those cases where, for one reason or another, the Employee has been unable to schedule vacation prior to reaching the maximum allocation, additional accruals will be converted to sick days. Once vacation hours come into compliance, vacation hours will once again begin to accrue, per pay, according to the schedule. Sick hours cannot be transferred to vacation hours.

Section 7.505, Separation Entitlement. There shall be no monetary allowance in lieu of vacation. In the event of death, resignation, retirement, or discharge of an eligible Employee, said Employee or his/her estate shall be entitled to receive compensation for any accrued vacation payable in a lump sum.

Section 7.506, Granting of Vacation Time. Vacations are generally given at the convenience of the Employee, however, the needs of the Employer must be considered as paramount. Department Heads shall grant vacations with consideration of the seniority of the Employee. Vacation may also be granted to an Employee because of illness of the Employee's immediate family (for the purpose of this policy defined as a child, spouse, or parent), and for the placement of a child with the Employee for adoption.

Section 7.507, Accurate Accounts of Time Earned/Taken. Each Department Head shall be responsible for establishing and maintaining accurate accounts of vacation time earned and taken by each Employee in the department.

Section 7.508, Part-Time Employees. Part-time Employees shall not be entitled to vacation with pay.

Section 7.509, Contractual/Temporary Employees. Contractual and temporary Employees will be awarded vacation based upon the terms of their employment agreements.

Section 7.510, Department Heads. Employees serving positions classified as Department Heads may accrue Annual Leave at a rate established as a condition of employment during negotiations between them and the County Administrator, provided the conditions are in writing and signed by the County Administrator. Total days shall not exceed the maximum as described in County leave policy.

ARTICLE 7.6 PERSONAL LEAVE

Section 7.601. Personal Leave is leave that can be used for any purpose with prior notification to the employee's supervisor. Except as provided in Sections 7.602 and 7.603, each Employee shall be entitled to forty (40) hours of personal leave at the Employee's regular rate of pay per Fiscal Year.

Personal leave shall be earned as stated in Section 7.603 of this Article. Any unused Personal Leave may not be carried over to the next Fiscal Year.

Section 7.602. Probationary Employees accrue no personal leave.

Section 7.603. Each Classified Employee shall be credited with forty (40) hours of personal leave on July 1 of each year. Employees who attain classified employment status during the Fiscal Year shall be credited with personal leave on a pro rata basis for the remainder of the Fiscal Year after attaining Classified status, not to exceed forty (40) hours per Fiscal Year.

ARTICLE 7.7 MATERNITY LEAVE

An Employee who is pregnant shall be expected to work for as long as the Employee can perform her normal duties or until a physician advises otherwise. Employees may use sick leave, annual leave, personal leave, leave under the Family and Medical Leave Act, compensatory leave, donated leave, or any combination thereof, during the period of maternity leave.

ARTICLE 7.8 FUNERAL LEAVE

Section 7.801. An Employee, except a temporary, emergency, or part-time Employee, who has a death in his or her immediate family shall, upon request, be granted an excused absence for a length of time necessary to attend the funeral and to handle personal issues. The Employee shall be paid at his or her regular rate of the pay for any of the first five (5) regularly scheduled work days, a maximum of forty (40) hours, immediately following the death. See Article 1.2 Definitions, Section 1.209, Immediate family. Reasonable evidence of the death shall be furnished to the County upon request.

Section 7.802. Funeral leave may not be charged against annual leave, sick leave, or personal leave.

ARTICLE 7.9 JURY DUTY

Section 7.901. In the event employees are required to perform jury duty or serve as witnesses under court subpoena in a case to which they are not a party, they will receive their regular rate of pay for such time as they are required to be away from their job during their regularly scheduled hours of work. It is to be understood that this allowance covers only time lost while actually engaged in such court service, and no provision is made or intended to cover payment for time lost outside of regular work hours. Employees rendering such service will be required to secure a statement from the Clerk of the Court officially verifying the service rendered.

Employees who serve on jury duty less than two (2) hours on any day, must return to work for the balance of their scheduled turn in order to be compensated for their absence. This would exclude jury duty that would require travel out of town.

Section 7.902. Jury Duty may not be charged against annual leave, sick leave, or personal leave.

ARTICLE 7.10 MILITARY LEAVE

Section 7.1001 As provided in this section, Employees who are members of the organized militia or the Army Reserve, Army National Guard, Naval Reserve, Air Force Reserve, Air National Guard, the US Marine Corps Reserve, or the Coast Guard Reserve, shall be eligible for military leave for training purposes annually, when the training is required by law.

Section 7.1002. Before an Employee shall be entitled to payment for military leave for training purposes, application for military leave shall be made to his or her Department Head immediately upon receipt of official notification from the appropriate military authorities that the training is required.

Section 7.1003. The Employer shall pay the gross amount normally paid the Employee by the Employer for a period not to exceed fifteen (15) calendar days annually. All military leave documentation and military payroll statements shall be made available to the Finance Office upon request. When the Employee has exhausted his right to paid military leave, he has the right to use accrued annual leave (vacation) or unpaid leave.

Section 7.1004. The first fifteen (15) days of military leave may not be charged against sick leave, annual leave, or personal leave.

ARTICLE 7.11 LEAVE WITHOUT PAY

Section 7.1101. With the consent of the Board of County Commissioners, the County Administrator, and an Employee's Department Head, an Employee may be granted leave without pay for a definite or indefinite period, not to exceed one (1) year.

Section 7.1102. Leave without pay may be granted for personal reasons or for study or training of value to the Employer.

Section 7.1103. Refer to Article 10.6, Political Activity, Section 10.605, Candidate for Political Office.

Section 7.1104. An Employee taking a leave of absence may maintain health insurance and life insurance at the Employee's expense at the group rate cost, if the Employee requests that his or her insurance be maintained. The Employee shall not accrue any other employment benefit or rights of seniority during the period of leave.

Section 7.1105. An Employee returning from leave as provided in this section shall be reinstated to a position of similar status, seniority, and pay as that previously held, provided the Employee

complies with all the provisions relating to a leave of absence. The Employer may fill a position that becomes vacant due to leave granted pursuant to this section.

Section 7.1106. An Employee in violation of any of the provisions of this section or any condition under which the leave is granted may be terminated within fifteen (15) working days after receiving notice to report to work. In the event the Employee refuses to return to work within 15 days of receiving notification, the Employee shall be treated as having resigned from his or her position.

ARTICLE 7.12 HOLIDAY LEAVE

Section 7.1201. Except part-time Employees, and except as provided in Sections 7.1202 and 7.1203, Employees shall be granted the holidays approved by the Board of County Commissioners with no loss in regular pay for the day on which they occur. They are:

New Year's Day	Veterans Day
Martin Luther King Day	Thanksgiving Day
Good Friday	Friday after Thanksgiving
Memorial Day	Christmas Day
Independence Day	General Election Day in Presidential
Labor Day	and County Election Years

Section 7.1202. In the event an Employee is required to work Thanksgiving Day, Christmas Day, or New Year's Day, the Employee shall be entitled to an additional day's wages computed at time and one half the Employee's regular rate of pay. In the event an Employee is required to work on another holiday, the Employee shall be entitled to an additional day's wages computed at the Employee's regular rate of pay.

ARTICLE 7.13 INCLEMENT WEATHER LEAVE

Section 7.1301. The Board of County Commissioners recognizes that on certain days it may be difficult for an Employee to come to work due to excessive snow, ice, or inclement weather. The Board designates the County Administrator the authority to declare a weather emergency in the event of such weather.

Section 7.1302. If there is a weather emergency declared, Employees who are able to report to work, or leave early on such days, shall be paid their regular wages **for actual time worked**. Departments who are not required to maintain 24-hour emergency service, shall allow Employees who are unable to report to work, or who arrive late or leave early (due to a weather emergency) the option of using vacation hours or compensatory time (which has been authorized and documented by the Department Head or designee) for hours not worked, or allow an Employee to alter his/her work schedule to make up the time.

Section 7.1303. For guidance in the policy, missed time in excess of four (4) hours, should normally take vacation or earned compensatory time. Time less than four (4) hours may alter work schedules in blocks of at least two (2) hours to make up the time. Lunch hours will not be used to make up time. Department Heads shall determine the schedule with the Employee considering the interest of both the County and the Employee. All time must be productive.

Section 7.1304. During weather emergencies, Employees of those departments required to maintain essential (key personnel in Emergency Services, Public Works, Sheriff's Office, and Nursing Center) or twenty-four (24) hour emergency service are required to report to work. The Department Head or designee may continue to use available personnel beyond regularly scheduled hours.

Section 7.1305. If an Employee does not have any accrued time, the time shall be deducted once earned.

ARTICLE 7.14 BIRTHDAY LEAVE

Employees shall be entitled to eight (8) hours of birthday leave at their regular rate of pay per calendar year. Birthday leave may not be carried from one calendar year to the next and no wages shall be paid in lieu of leave.

ARTICLE 8.1 RETIREMENT

The Employer is a member of the Maryland State Retirement/Pension Systems (MSRPS) which provides retirement income and income for certain surviving dependents as well as disability or death benefits, should either occur prior to retirement. As a member of the MSRPS, the County is subject to the State laws providing for MSRPS, which change from time to time. All Employees should schedule an appointment with the Human Resources Department at least six (6) months prior to retirement in order to determine that all aspects of the retirement process are in order. The following highlights some current, basic provisions:

Section 8.101. Enrollment in the MSRPS is mandatory upon becoming a Classified Employee.

Section 8.102. For Employees hired prior to December 31, 1979, only, and who elected to keep the deduction, the appropriate percentage of salary is deducted from each paycheck and deposited in an annuity savings account with the Retirement System. Effective on July 1, 1998, employees hired after January 1, 1980, who were members of the Non-Contributory Pension system, became members of the Contributory Pension System, with a two percent (2%) contribution of the employee’s annual salary/wages mandatory. Effective on July 1, 2006, employees, who were active members of the Contributory Pension System, became members of the Alternate Contributory Pension Selection Plan. Mandatory employee contributions are required as established by the Maryland State Retirement and Pension System and adopted by the Board of County Commissioners. The contributory amount is withheld bi-weekly according to the payroll schedule.

Section 8.103. Maryland Retirement System.

Normal Service Retirement: Age 60 regardless of years of service (provided
5 year vesting requirement has been met).
30 years of service regardless of age.

Early Retirement: 25 years of service prior to Age 60. Actuarially-reduced benefits.

Section 8.104. Maryland Pension System.

Section 8.107. Members within 8 years of retirement and their spouses are eligible to attend one-day pre-retirement planning seminars sponsored by the MSRPS. An eligible Employee may receive wages for one day to attend a pre-retirement seminar if the seminar falls on the Employee's regularly scheduled workday. An Employee may receive wages for attending the seminar only one time. Proof of attendance at the seminar will be required to receive payment.

Section 8.108. Unless their contract does not specifically provide for them, Employees who meet qualification requirements and who retire directly from County service shall be eligible for the following benefits: retirement/pension from MSRPS, health insurance, and life insurance.

ARTICLE 8.2 DEFERRED COMPENSATION

The Employer offers a Deferred Compensation Plan to its Employees. Employees desiring additional information about the Deferred Compensation Plan should contact the County Human Resources Director.

ARTICLE 8.3 HEALTH INSURANCE

Section 8.301. The Employer maintains an Employee health insurance plan for Employees. New Employees are eligible to enroll in the health insurance program on the first day of the month following 60-day employment. Employees who fail to enroll at that time but who subsequently desire to enroll may contact the County Human Resources Director to determine their eligibility. Any employee who voluntarily chooses to return to part-time employment and subsequently changes their status back to full-time status, shall be required to serve a six (6) month waiting period before health benefits are reinstated.

Section 8.302. In the event an Employee elects not to enroll in the health insurance program, the Employer shall reimburse the Employee \$50.00 per month in order to pay for coverage under a spouse's policy, unless the spouse is also covered by the County Health Insurance Plan. Proof of other coverage is required.

Section 8.303. Administration of programs is handled through the Human Resources Department. Each Employee receives a booklet explaining the various features and details of these benefits, as provided by the County Commissioners.

Section 8.304. The Retirees Health Insurance Under 65 benefits plan will be provided to full-time Employees who retire directly from County service and who are at least 62 years of age and have completed ten (10) years of continuous service or who have twenty-five (25) years of continuous service regardless of age. Individuals employed after July 1, 1997, will be responsible for 50-percent of health insurance premiums upon retirement. The County will not allow for additional dependents to be added to any retiree's current policy after retirement, regardless of the date of retirement.

Effective January 1, 2005, if the retiree wishes to carry family coverage, the retiree will be required to pay 100% of the cost of the difference between Husband and Wife premium and the Family premium. Also, effective on January 1, 2005, all retirees hired prior to July 1, 1997, will be required to make a premium payment equivalent to all other active employees.

Retirees will be billed for insurance on either a quarterly or semi-annual basis, which the retiree will select at the time of enrollment. All insurance bills will include information on the consequences of late or non-payment, which can include late fees or policy cancellation. Bills will be mailed to retirees approximately 30 days before the payment due date, and payment is due on the first day of the billing period. If payment has not been received by the due date, a second notice will be sent, and a \$50 late fee will be assessed on all payments. Any retiree insurance bills that remain unpaid 15 days after the due date will result in automatic cancellation of the retiree's policy.

Section 8.305. Retirees are automatically transferred to a Standard Low Option, and receive the benefits under the plan, as of the first day of the month in which age 65 is attained. There is no diagnostic or major-medical provided under this program.

An upgrade for Over 65 insurance is available with the full cost of the difference for the upgrade to be borne by the retiree. If the retiree chooses the upgraded insurance plan and subsequently withdraws from the upgraded plan, then the retiree shall be required to complete a twenty-four (24) month waiting period before making re-application.

ARTICLE 8.4 LIFE INSURANCE

Section 9.303. Except as provided in Sections 9.301 and 9.302, Employees shall be evaluated and rated annually. Evaluations and ratings, however, also may be rendered whenever an Employee is considered to be performing in a superior or unsatisfactory manner.

ARTICLE 10.7 DRESS CODE

Allegany County’s primary objective is to have employees project a professional image while taking advantage of more casual and relaxed clothing. Casual dress offers an alternative to the business attire of dresses, suits, ties, and dress shoes. Conversely, not all casual clothing is appropriate for the office. There are times when traditional business attire is to be worn on casual days. Take your day’s schedule into account when you are dressing. If you have a meeting scheduled with visitors, or if you are advised that others in the department will have visitors with whom you will come in contact, you will want to dress in business attire. Listed below is a general overview of acceptable business casual wear as well as a listing of some of the more common items that are not appropriate for the office. Neither group is intended to be all-inclusive. (Field-based employees should contact their Department Head to determine what level of dress is appropriate for their position.)

Slacks: Cotton slacks are acceptable provided they are clean and wrinkle free. Inappropriate items include, sweat pants, wind suits, shorts, skorts, bib overalls, leggings, spandex or other form fitting pants.

Shirts: Casual shirt, golf shirt, sweaters and turtlenecks are acceptable. Inappropriate items include tank tops, sweatshirts, shirts with large lettering, logos or slogans (except those shirts with the County emblem), halter tops, midriff tops, and t-shirts, unless worn under another blouse, shirt or jacket.

Dresses and Skirts: Casual dresses and skirts, and split skirts at or below the knee are acceptable. Dress and skirt length should be mid-length or at least to the knee. Mini-skirts and spaghetti-strap dresses should not be worn to the office.

Footwear: Loafers, boots, flats, dress sandals, open-toed shoes, clogs and leather deck shoes are acceptable. Not wearing stockings is acceptable if it's appropriate for the rest of the outfit. Athletic shoes, sneakers, thongs, flip-flops, and slippers are not acceptable.

Jewelry: Should be conservative with no visible body piercing other than pierced ears. Depending on the position and/or the job duties, the Department Head may require that earrings, etc., be removed while an employee is performing their regular job duties.

Tattoos: Shall not be exposed, unless approved by the Department Head.

Uniforms: If County uniforms and clothing are provided to the employee, that clothing must be worn at work. Altering of County provided uniforms will not be permitted.

Safety considerations, etiquette, or certain job duties, may require the Department Director to establish a dress code that is stricter.

With the prior approval of the Department Director, jeans and athletic shoes are acceptable on certain days, such as clean-up days. In work areas that have approval for specified "dress down" or "casual" days, management shall determine appropriate attire standards for those days.

If an item of clothing is deemed to be inappropriate for the office by the employee's supervisor, the employee may be sent home to change clothes and will be given a verbal warning for the first offense, and progressive disciplinary action will be taken for further dress code violations.

These are to be considered the "minimum" guidelines to this policy. The Department Director shall have final say regarding their own department.

ARTICLE 10.8 HARASSMENT POLICY

Types of behavior which may be considered harassing or discriminatory include, but are not limited to: verbal abuse; exclusion, condescension; employment decisions based on age, race, religion, or sex; repeated verbalisms of a racist or sexual nature; employment decisions based upon submission to sexual demands; and any other unwelcome behavior which an Employee finds disturbing or offensive.

Sexual Harassment normally falls into two categories: (1) Quid Pro Quo harassment is when sexual demands are made specifically in exchange for employment benefits; and (2) Hostile work-environment harassment is when there is a work environment which is so hostile, offensive, or abusive that it interferes with an Employee's ability to do a job.

It is the purpose of this policy to ensure that all Employees of Allegany County enjoy a safe work environment free from any form of harassment as defined above. Harassment of any nature, sexual or otherwise, is against the law and will not be tolerated by Allegany County. Allegany County will provide a workplace free of harassment of any kind, from any source. Allegany County will address all complaints promptly, handling them in a fair, unbiased, and confidential manner.

Any policy which seeks to guarantee Employee rights requires Employees to meet certain responsibilities. Although this policy applies to all Employees equally, by the very nature of their positions, some Employees are more apt to be targets of harassment complaints than others. Supervisory personnel, by definition, bear additional responsibility for enforcement of this policy. Responsibilities for successful implementation of Allegany County's Harassment Policy are as follows for all Employees:

- Prior to reporting any incident, determine beyond a reasonable doubt, that the conduct you find offensive is indeed discriminatory or harassing. If possible, have witnesses substantiate your accusation.
- Prior to filing a complaint, make the offending person(s) aware that you find the conduct offensive. If, after making your feelings known, the conduct continues, proceed with your complaint by contacting your Department Head. Your Department Head shall report the incident to Human Resources. If the offending person is your Department Head, report the incident to the Director of Human Resources or any other Department Head with whom you feel comfortable. All complaints will be handled in strict confidence.

After a reported incident, Human Resources will make a complete investigation of all complaints and report the findings, in writing, to all parties involved, within ten (10) working days. The aim of the investigation will be to determine the facts and resolve the situation. Copies of all investigations will be forwarded to the County Administrator for review prior to corrective action.

Allegany County has the right to apply any sanctions or combination of sanctions deemed necessary to deal with discriminatory or harassing behavior, including:

- Counseling
- Probation, with warning of suspension or discharge for repeated offenses
- Suspension with or without pay
- Discharge

ARTICLE 10.9 SUBSTANCE ABUSE

The County recognizes alcohol and drug abuse as potential health, safety, and security problems. The County expects all Employees to assist in maintaining a work environment free from the effects of alcohol, drugs, or other intoxicating substances. Compliance with this substance abuse policy is made a condition of employment.

Section 10.901. County prohibits Employees from the manufacture, possession, use, distribution, or purchase of non-prescribed drugs and intoxicants on County premises and from working under the influence of alcohol, illegal drugs or intoxicants during working hours.

Section 10.902. All Employees are required to report to their jobs in appropriate mental and physical condition, ready to work. If an Employee may be impaired because of taking medication according to a doctor's prescription, he is expected to discuss it with his supervisor before commencing work that day.

Section 10.903. Any Employee who is convicted of any violation of any criminal drug statute (including misdemeanors for a violation occurring on County property or during working time) shall notify the Human Resources Department within five (5) days of the date of conviction. A conviction includes any finding of guilt (including one agreed to by the employee) or plea of no contest and/or any imposition of a fine, jail sentence or other penalty.

Section 10.904. Any violation of this substance abuse policy shall result in discipline up to and including discharge, under the County's progressive discipline policy.

Section 10.905. Employees who have an alcohol or drug abuse problem are strongly encouraged to seek assistance through a local community based program or their private physician. When work performance is impaired, however, use of this or other programs does not preclude appropriate action by the County. The County retains full and final discretion on whether, when, and under what conditions, an Employee may be re-employed after an instance of substance abuse.

Section 10.906 Any Employee who drives a commercial vehicle as defined in the Commercial Motor Vehicle Safety Act and Maryland's Commercial Driver's License Program, shall be subject to the requirements set forth in these regulations pertinent to alcohol, drugs and other intoxicating substances.

Section 10.1006. Avoidance of Transactions. burden of proof shall be upon the party seeking to uphold such transaction to show that avoidance of such transaction would not be in the public interest. Except as herein provided, no transaction of such agency shall be set aside because of violation of this Section or on the ground of conflict of interest.

- Any vehicle must be towed from the scene and the employee receives a citation under state or local law for a moving traffic violation;
- Or if the employee's performance could have contributed to the accident.

Any employee whose performance could have contributed to the accident as determined by the County using the best information available at the time of the accident, must submit to a drug and alcohol test. Post accident drug tests must be performed within thirty-two (32) hours after the accident. Alcohol tests must be performed within two (2) hours after the accident.

3. Random Testing

Testing will be conducted on employees on a random, unannounced basis. Each year at least 10% of all employees performing safety-sensitive functions will be tested for alcohol, and at least 50% will be tested for drugs. The annual percentage rate for random drug testing may be changed in accordance with the requirements of the United State Department of Transportation. All employees will remain in the random selection pool at all times, regardless of whether or not they have been previously selected for testing. Each employee who is selected for random alcohol and/or drug testing must proceed directly to the testing site immediately upon receipt of notification.

4. Reasonable Suspicion

All employees will be subject to drug and/or alcohol testing when a determination that a reasonable suspicion exists. The determination will be based on specific observations consistent with the effects of prohibited substance abuse and/or alcohol misuse. Examples of reasonable suspicion include, but are not limited to:

- Physical signs and symptoms such as appearance, behavior, speech, and/or body odors;
- Evidence of the manufacture, distribution, dispensing, possession, or use of prohibited substances and/or alcohol;
- Indications of the chronic and withdrawal effects of prohibited substances;
- Occurrences of any incident which results in a recordable bodily injury, as defined by OSHA, or any damage to the property of the County or of a third party;
- Physical altercations, assaults, and a flagrant disregard or violation of established safety, security, or other operating procedure.

When a supervisor suspects that an employee may be under the influence of alcohol and/or drugs, the supervisor shall complete a “Supervisor’s Reasonable Suspicion Determination” form and inform the employee and the County Representative of the observations noted. The County Representative or a designated alternate along with the Supervisor shall escort the employee immediately to the testing site for testing.

5. Return to Duty Testing

Any employee who previously refused to submit to a drug and/or alcohol test, or failed such a test, shall be tested for prohibited substances and/or alcohol use prior to returning to duty. The employee must obtain a testing result indicating an alcohol concentration of less than 0.02 and a verified negative result for prohibited substance use, and must also be certified by the Substance Abuse Professional (SAP) as capable of resuming duties prior to returning to duty. Any such employee, once returned to duty, may be administered unannounced follow-up drug and/or alcohol tests for up to sixty (60) months after their return to duty.

6. Follow-up Testing

Once an employee is allowed to return to duty, they will be subject to unannounced follow-up prohibited substance and/or alcohol testing for at least twelve (12) but not to exceed sixty (60) months. The frequency and duration of the follow-up testing will be recommended by the Substance Abuse Professional (SAP) as long as a minimum of six (6) tests are performed during the first twelve (12) months after the employee returns to duty. Follow-up testing is separate from an in addition to random testing.

Section 14.1606, Substances to be Included in Testing

Alcohol (Ethanol), amphetamines, cannabinoids (marijuana), cocaine, opiates, phencyclidine (PCP), and their metabolites will be included. Because the County is concerned about the abuse of prescription and over-the-counter medications as well as illegal drugs and alcohol, the above list may be expanded to include yet to be developed substances, changes in this policy, and/or changes to federal and state laws and regulations.

Section 14.1607, Drug Testing Procedures

Allegany County shall use only laboratories certified under the United States Department of Health and Human Services (DHHS) "Mandatory Guidelines for Federal Workplace Drug Testing Programs", April 11, 1988, and subsequent amendments thereto, to perform the urinalysis testing described by these procedures. Specimen collection procedures will be in compliance with 49 CFR, Part 40, regarding designation of the collection site, security, chain of custody, access to authorized personnel only, privacy, integrity and identity of specimen(s), collection control, transportation to the laboratory, failure of an employee to cooperate, an employee requiring medical attention, and use of a Chain of Custody Form.

Initial Test:

The initial test shall use immunoassay which meets the requirements of the Food and Drug Administration for commercial distribution. The following initial cutoff levels shall be used when screening specimens to determine whether they are negative for these drugs or classes of drugs:

<u>Type of Drug</u>	<u>Initial Test Cutoff Level (ng/ml)</u>
Marijuana Metabolites	50
Cocaine Metabolites	300
Opiate Metabolites	2,000
Phencyclidine	25
Amphetamines	1,000

These cutoff levels are subject to change by the Department of Health and Human Services as advances in technology or other considerations warrant identification of these substances at other concentrations.

Confirmatory Test:

All Specimens identified as positive on the initial test shall be confirmed using gas chromatography/mass spectrometry (GC/MS) techniques at the cutoff levels listed below for each drug. All confirmations shall be by quantitative analysis.

<u>Type of Drug</u>	<u>Confirmatory Test Cutoff Levels (ng/ml)</u>
Marijuana Metabolites (1)	15
Cocaine Metabolites (2)	150
Opiates:	
Morphine	2,000
Codeine	2,000
6-Acetylmorphine (3)	10
Phencyclidine	25
Amphetamines:	
Amphetamine	500
Methamphetamine (4)	500

- (1) Delta-9-tetrahydrocannabinol-9-carboxylic acid
- (2) Benzoyllecgonine
- (3) Test for 6-AM when morphine concentration exceeds 2000 ng/ml
- (4) Specimen must also contain amphetamine at a concentration greater than or equal to 200ng/ml

These cutoff levels are subject to change by the Department of Health and Human Services as advances in technology and other considerations warrant identification of these substances at other considerations.

Section 14.1608, Reporting and Review of Drug Testing Results

Reporting and review of drug testing results will be in accordance with 49 CFR, Part 40.33. The Medical Review Officer (MRO) will review and interpret confirmed positive test results obtained through the County’s testing program, and shall examine alternate medical explanations for positive test results. This action may include conducting a medical interview and review of the employee’s medical history, or review of any other relevant biomedical factors. The MRO shall review all medical records made available by the employee when a confirmed positive test could have resulted from legally prescribed medication. The MRO shall not, however, consider the results or urine samples that are not obtained or processed in accordance with this policy.

Prior to making a final decision to verify a positive test result for an employee, the MRO shall give the individual an opportunity to discuss the test result with him or her. The MRO shall contact the individual directly, on a confidential basis, to determine whether the employee wishes to discuss the test result.

If, after making all reasonable efforts and documenting them, the MRO is unable to reach the employee directly, the MRO shall contact the County’s representative who shall direct the employee to contact the MRO as soon as possible. If it becomes necessary to reach the employee through the County’s representative, the representative shall employ procedures that ensure, to the maximum extent practicable, the requirement that the employee contact the MRO is held in confidence.

The following circumstances may allow the MRO to verify a test as positive without having communicated directly with the employee about the test:

1. The employee expressly declined the opportunity to discuss the test;
2. Neither the MRO nor the County's representative, after making reasonable efforts, has been able to contact the employee within fourteen (14) days of the date on which the MRO receives the confirmed positive test result from the laboratory;
3. The County's representative has successfully made and documented a contact with the employee and instructed the employee to contact the MRO, and more than five (5) days have passed since the date the employee was successfully contacted by the County's representative.

If a test is verified positive under the preceding paragraph, the employee may present to the MRO information documenting that serious illness, injury, or other circumstances unavoidably prevented the employee from being contacted by the MRO or County representative, or from contacting the MRO within the times provided. The MRO, on the basis of such information, may reopen the verification, allowing the employee to present information concerning a legitimate explanation for the confirmed positive test. If the MRO concludes that there is a legitimate explanation, the MRO declares the test to be negative.

Before the MRO verifies a confirmed positive test result for opiates, the MRO shall determine that there is clinical evidence, in addition to the urine test, of unauthorized use of any opium, opiate, or opium derivative. This requirement does not apply if the GC/MS confirmation testing for opiates confirms the presence of 6-monoacetylmorphine.

The MRO shall notify the employee who has a confirmed positive test that the employee has 72 hours in which to request a reanalysis of the split specimen. If the employee requests an analysis of the split specimen within 72 hours of having been informed of a verified positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another DHHS certified laboratory for analysis. If the analysis of the split specimen fails to reconfirm the presence of drug(s) or drug metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or not testable, the MRO shall cancel the test and report the cancellation and the reasons for it to the County's representative and the employee.

If the analysis of the split specimen is reconfirmed by the second laboratory for the presence of the drug(s) or drug metabolite(s), the MRO shall notify the County's representative and the employee of the results of the test.

If the employee has not contacted the MRO within 72 hours, the employee may present to the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the verified positive test, or other circumstances unavoidably prevented the employee from timely contacting the MRO. If the MRO concludes that there is a legitimate

explanation for the employee's failure to contact the MRO within 72 hours, the MRO shall direct that the reanalysis of the split specimen be performed.

Following verification of a positive test result, the MRO shall contact the County's representative and the employee and provide the test results.

Section 14-1609, Alcohol Testing Procedures

The County shall conduct alcohol testing in a location that optimizes confidentiality to the employee being tested. Alcohol testing and all record keeping procedures will be conducted in accordance with 49 CFR, Part 40. Alcohol testing will be conducted using Evidential Breath Testing (EBT) devices under the direction of a Breath Alcohol Technician (BAT).

Screening Test:

The screening shall be performed using an EBT in accordance with 49 CFR, Part 40.63. If the result of the screening test is a breath alcohol concentration of less than 0.02, the BAT shall transmit the results of less than 0.02 to the County's representative in a confidential manner. If the result of the screening test is an alcohol concentration of 0.02 or greater, a confirmation test shall be performed.

Confirmation Test:

The confirmation test shall be performed in accordance with 49 CFR, Part 40.65. The BAT shall instruct the employee not to eat, drink, put any substance in his or her mouth, and, to the extent possible, not to belch during the waiting period before the confirmation test. This is to prevent any accumulation of mouth alcohol leading to an artificially high reading. This time period begins with the completion of the screening test, and shall not be less than fifteen (15) minutes. The confirmation test shall be conducted within thirty (30) minutes of the completion of the screening test. The test will be conducted at the end of the waiting period even if the employee has disregarded the BAT's instructions.

If the result of the confirmatory test is less than 0.02 alcohol concentration, a negative test result shall be reported by the BAT.

In the event that a screening and confirmation test results are not identical, the confirmation test result is deemed to be the final result. The BAT shall transmit all results to the County's representative in a confidential manner.

Section 14.1610, Confidentiality

The County shall maintain records in a secure manner so that disclosure of information to unauthorized persons does not occur. The County, as part of the testing for prohibited substances, will not disclose the results of those tests to third parties, except under the following circumstances:

1. When such disclosure is required by law;
2. When such disclosure is authorized by the employee, in writing, who was the subject of such testing. Release of the information will only be in accordance with the terms of the employee's consent.

Section 14.1611, Disciplinary Actions

Controlled Substances / Drugs:

Immediately following receipt of a verified positive test result from the MRO, and the employee does not, in the discretion of the MRO, provide an adequate explanation for the positive test result, the employee will be afforded the opportunity to seek counseling and rehabilitation at a licensed-recognized facility. Any cost for the treatment that is not covered by available health insurance benefits will be the sole responsibility of the employee. Disciplinary actions will be in accordance with County policy.

Prior to the employee being reinstated, he or she must undergo Return to Duty Testing in accordance with this policy. Once reinstated, the employee will be subject to Follow-up Testing in accordance with this policy.

After an employee who previously received a verified positive test result has been reinstated, any subsequent verified positive test result may subject the employee to dismissal in accordance with County policy.

Alcohol:

Immediately following receipt of a confirmatory test result of 0.02 or greater but less than 0.04 alcohol concentration, the employee will be removed from their position without pay for a period of not less than 24 hours. And will be subject to further disciplinary action in accordance with County policy. Prior to being reinstated the employee must undergo a breath alcohol test and have a result less than 0.02.

If the results of the confirmatory test is 0.04 alcohol concentration or greater, the employee will be afforded the opportunity to seek counseling and rehabilitation at a licensed-recognized facility. Any cost for the treatment that is not covered by available health insurance benefits will be the sole responsibility of the employee. Employee leave time for counseling and/or rehabilitation shall be in accordance with County policy. Disciplinary action will proceed in accordance with County policy.

Prior to the employee being reinstated, he or she must undergo Return to Duty Testing in accordance with this policy. Once reinstated, the employee will be subject to Follow-up Testing in accordance with this policy.

After an employee who previously received a confirmatory test result of 0.02 alcohol concentration or greater has been reinstated, any subsequent confirmatory test result of 0.02

alcohol concentration or greater may subject the employee to dismissal in accordance with County policy.

ARTICLE 14.17 GROUP HEALTH PLAN PRIVACY NOTICE (HIPAA OF 1996)

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) imposes numerous requirements on employer health plans concerning the use and disclosure of individual health information. This information, known as protected health information, includes virtually all individually identifiable health information held by the Plan — whether received in writing, in an electronic medium, or as an oral communication. This notice describes the privacy practices of the following plans:

Medical PPO Plan
Dental Plan
Vision Plan
Prescription Plan
EAP Plan
AFLAC Plan
Cancer Plan

The plans covered by this notice may share health information with each other to carry out Treatment, Payment, or Health Care Operations. These plans are collectively referred to as the Plan in this notice, unless specified otherwise.

The Plan’s duties with respect to health information about you

The Plan is required by law to maintain the privacy of your health information and to provide you with this notice of the Plan’s legal duties and privacy practices with respect to your health information. If you participate in an insured plan option, you will receive a notice directly from the Insurer. It’s important to note that these rules apply to the Plan, not Allegany County as an employer — that’s the way the HIPAA rules work. Different policies may apply to other Allegany County programs or to data unrelated to the health plan.

How the Plan may use or disclose your health information

The privacy rules generally allow the use and disclosure of your health information without your permission (known as an authorization) for purposes of Health Care Treatment, Payment activities, and Health Care Operations. Here are some examples of what that might entail:

- **Treatment includes providing, coordinating, or managing health care by one (1) or more health care providers or doctors. Treatment can also include coordination or management of care between a provider and a third party, and consultation and referrals between providers. For example, the Plan may share health information about you with physicians who are treating you.**
- **Payment** includes activities by this Plan, other plans, or providers to obtain premiums, make coverage determinations and provide reimbursement for health care. This can include eligibility determinations, reviewing services for medical necessity or appropriateness, utilization management activities, claims management, and billing; as well as “behind the scenes” plan

functions such as risk adjustment, collection, or reinsurance. *For example, the Plan may share information about your coverage or the expenses you have incurred with another health plan in order to coordinate payment of benefits.*

- **Health Care Operations** include activities by this Plan (and in limited circumstances other plans or providers) such as wellness and risk assessment programs, quality assessment and improvement activities, customer service, and internal grievance resolution. Health care operations also include vendor evaluations, credentialing, training, accreditation activities, underwriting, premium rating, arranging for medical review and audit activities, and business planning and development. *For example, the Plan may use information about your claims to review the effectiveness of wellness programs.*

The amount of health information used or disclosed will be limited to the “Minimum Necessary” for these purposes, as defined under the HIPAA rules. The Plan may also contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.

How the Plan may share your health information with Allegany County

The Plan, or its health insurer, may disclose your health information without your written authorization to Allegany County for plan administration purposes. Allegany County may need your health information to administer benefits under the Plan. Allegany County agrees not to use or disclose your health information other than as permitted or required by the Plan documents and by law. Allegany County Office of Human Resources and County Attorney’s Office staff are the only Allegany County employees who will have access to your health information for plan administration functions.

Here’s how additional information may be shared between the Plan and Allegany County, as allowed under the HIPAA rules:

- The Plan, or its Insurer, may disclose “summary health information” to Allegany County if requested, for purposes of obtaining premium bids to provide coverage under the Plan, or for modifying, amending, or terminating the Plan. Summary health information is information that summarizes participants’ claims information, but from which names and other identifying information have been removed.
- The Plan, or its Insurer, may disclose to Allegany County information on whether an individual is participating in the Plan, or has enrolled or disenrolled in an insurance option offered by the Plan.

In addition, you should know that Allegany County cannot and will not use health information obtained from the Plan for any employment-related actions. However, health information collected by Allegany County from other sources, for example under the Family and Medical Leave Act, Americans with Disabilities Act, or workers’ compensation is *not* protected under HIPAA (although

this type of information may be protected under other federal or state laws).

Other allowable uses or disclosures of your health information

In certain cases, your health information can be disclosed without authorization to a family member, close friend, or other person you identify who is involved in your care or payment for your care. Information describing your location, general condition, or death may be provided to a similar person (or to a public or private entity authorized to assist in disaster relief efforts). You'll generally be given the chance to agree or object to these disclosures (although exceptions may be made, for example if you're not present or if you're incapacitated). In addition, your health information may be disclosed without authorization to your legal representative.

The Plan is also allowed to use or disclose your health information without your written authorization for the following activities:

Workers' compensation	Disclosures to workers' compensation or similar legal programs that provide benefits for work-related injuries or illness without regard to fault, as authorized by and necessary to comply with such laws
Necessary to prevent serious threat to health or safety	Disclosures made in the good-faith belief that releasing your health information is necessary to prevent or lessen a serious and imminent threat to public or personal health or safety, if made to someone reasonably able to prevent or lessen the threat (including disclosures to the target of the threat); includes disclosures to assist law enforcement officials in identifying or apprehending an individual because the individual has made a statement admitting participation in a violent crime that the Plan reasonably believes may have caused serious physical harm to a victim, or where it appears the individual has escaped from prison or from lawful custody
Public health activities	Disclosures authorized by law to persons who may be at risk of contracting or spreading a disease or condition; disclosures to public health authorities to prevent or control disease or report child abuse or neglect; and disclosures to the Food and Drug Administration to collect or report adverse events or product defects
Victims of abuse, neglect, or domestic violence	Disclosures to government authorities, including social services or protected services agencies authorized by law to receive reports of abuse, neglect, or domestic violence, as required by law or if you agree or the Plan believes that disclosure is necessary to prevent serious harm to you or potential victims (you'll be notified of the Plan's disclosure if informing you won't put you at further risk)
Judicial and administrative proceedings	Disclosures in response to a court or administrative order, subpoena, discovery request, or other lawful process (the Plan may be required to notify you of the request, or receive satisfactory assurance from the party seeking your health information that efforts were made to notify you or to obtain a qualified protective order concerning the information)
Law enforcement purposes	Disclosures to law enforcement officials required by law or pursuant to legal process, or to identify a suspect, fugitive, witness, or missing person; disclosures about a crime victim if you agree or if disclosure is necessary for immediate law enforcement activity; disclosure about a death that may have resulted from criminal conduct; and disclosure to provide evidence of criminal conduct on the Plan's premises
Decedents	Disclosures to a coroner or medical examiner to identify the deceased or determine cause of death; and to funeral directors to carry out their duties
Organ, eye, or tissue donation	Disclosures to organ procurement organizations or other entities to facilitate organ, eye, or tissue donation and transplantation after death

Research purposes	Disclosures subject to approval by institutional or private privacy review boards, and subject to certain assurances and representations by researchers regarding necessity of using your health information and treatment of the information during a research project
Health oversight activities	Disclosures to health agencies for activities authorized by law (audits, inspections, investigations, or licensing actions) for oversight of the health care system, government benefits programs for which health information is relevant to beneficiary eligibility, and compliance with regulatory programs or civil rights laws
Specialized government functions	Disclosures about individuals who are Armed Forces personnel or foreign military personnel under appropriate military command; disclosures to authorized federal officials for national security or intelligence activities; and disclosures to correctional facilities or custodial law enforcement officials about inmates
HHS investigations	Disclosures of your health information to the Department of Health and Human Services (HHS) to investigate or determine the Plan's compliance with the HIPAA privacy rule

Except as described in this notice, other uses and disclosures will be made only with your written authorization. You may revoke your authorization as allowed under the HIPAA rules. However, you can't revoke your authorization if the Plan has taken action relying on it. In other words, you can't revoke your authorization with respect to disclosures the Plan has already made.

Your individual rights

You have the following rights with respect to your health information the Plan maintains. These rights are subject to certain limitations, as discussed below. This section of the notice describes how you may exercise each individual right. See the **Contact** section at the end of this notice for information on where to submit requests.

Right to request restrictions on certain uses and disclosures of your health information and the Plan's right to refuse

You have the right to ask the Plan to restrict the use and disclosure of your health information for Treatment, Payment, or Health Care Operations, except for uses or disclosures required by law. You have the right to ask the Plan to restrict the use and disclosure of your health information to family members, close friends, or other persons you identify as being involved in your care or payment for your care. You also have the right to ask the Plan to restrict use and disclosure of health information to notify those persons of your location, general condition, or death — or to coordinate those efforts with entities assisting in disaster relief efforts. If you want to exercise this right, your request to the Plan must be in writing.

The Plan is not required to agree to a requested restriction. And if the Plan does agree, a restriction may later be terminated by your written request, by agreement between you and the Plan (including an oral agreement), or unilaterally by the Plan for health information created or received after you're notified that the Plan has removed the restrictions. The Plan may also disclose health information about you if you need emergency treatment, even if the Plan has agreed to a restriction.

Right to receive confidential communications of your health information

If you think that disclosure of your health information by the usual means could endanger you in some way, the Plan will accommodate reasonable requests to receive communications of health information from the Plan by alternative means or at alternative locations.

If you want to exercise this right, your request to the Plan must be in writing, and you must include a statement that disclosure of all or part of the information could endanger you.

Right to inspect and copy your health information

With certain exceptions, you have the right to inspect or obtain a copy of your health information in a “Designated Record Set.” This may include medical and billing records maintained for a health care provider; enrollment, payment, claims adjudication, and case or medical management record systems maintained by a plan; or a group of records the Plan uses to make decisions about individuals. However, you do not have a right to inspect or obtain copies of psychotherapy notes or information compiled for civil, criminal, or administrative proceedings. In addition, the Plan may deny your right to access, although in certain circumstances you may request a review of the denial.

If you want to exercise this right, your request to the Plan must be in writing. . Within 30 days of receipt of your request (60 days if the health information is not accessible onsite), the Plan will provide you with:

- The access or copies you requested;
- A written denial that explains why your request was denied and any rights you may have to have the denial reviewed or file a complaint; or
- A written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

The Plan may provide you with a summary or explanation of the information instead of access to or copies of your health information, if you agree in advance and pay any applicable fees. The Plan may also charge reasonable fees for copies or postage.

If the Plan doesn’t maintain the health information but knows where it is maintained, you will be informed of where to direct your request.

Right to amend your health information that is inaccurate or incomplete

With certain exceptions, you have a right to request that the Plan amend your health information in a Designated Record Set. The Plan may deny your request for a number of reasons. For example, your request may be denied if the health information is accurate and complete, was not created by the Plan (unless the person or entity that created the information is no longer available), is not part of the Designated Record Set, or is not available for inspection (e.g., psychotherapy notes or information

compiled for civil, criminal, or administrative proceedings).

If you want to exercise this right, your request to the Plan must be in writing, and you must include a statement to support the requested amendment. Within 60 days of receipt of your request, the Plan will:

- Make the amendment as requested;
- Provide a written denial that explains why your request was denied and any rights you may have to disagree or file a complaint; or
- Provide a written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

Right to receive an accounting of disclosures of your health information

You have the right to a list of certain disclosures the Plan has made of your health information. This is often referred to as an “accounting of disclosures.” You generally may receive an accounting of disclosures if the disclosure is required by law, in connection with public health activities, or in similar situations listed in the table earlier in this notice, unless otherwise indicated below.

You may receive information on disclosures of your health information going back for six (6) years from the date of your request, but not earlier than April 14, 2003 (the general date that the HIPAA privacy rules are effective). You do not have a right to receive an accounting of any disclosures made:

- For Treatment, Payment, or Health Care Operations;
- To you about your own health information;
- Incidental to other permitted or required disclosures;
- Where authorization was provided;
- To family members or friends involved in your care (where disclosure is permitted without authorization);
- For national security or intelligence purposes or to correctional institutions or law enforcement officials in certain circumstances; or
- As part of a “limited data set” (health information that excludes certain identifying information).

In addition, your right to an accounting of disclosures to a health oversight agency or law enforcement official may be suspended at the request of the agency or official.

If you want to exercise this right, your request to the Plan must be in writing. Within 60 days of the request, the Plan will provide you with the list of disclosures or a written statement that the time period for providing this list will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request. You may make one (1) request in any 12-month period at no cost to you, but the Plan may charge a fee for subsequent requests. You'll be notified of the fee in advance and have the opportunity to change or revoke your request.

Right to obtain a paper copy of this notice from the Plan upon request

You have the right to obtain a paper copy of this Privacy Notice upon request. Even individuals who agreed to receive this notice electronically may request a paper copy at any time.

Changes to the information in this notice

The Plan must abide by the terms of the Privacy Notice currently in effect. This notice takes effect on April 14, 2003. However, the Plan reserves the right to change the terms of its privacy policies as described in this notice at any time, and to make new provisions effective for all health information that the Plan maintains. This includes health information that was previously created or received, not just health information created or received after the policy is changed. If changes are made to the Plan's privacy policies described in this notice, you will be provided with a revised Privacy Notice.

Complaints

If you believe your privacy rights have been violated, you may complain to the Plan and to the Secretary of the U. S. Department of Health and Human Services. You won't be retaliated against for filing a complaint. To file a complaint to the Plan, write:

Allegany County
Office of Human Resources – Director
