

# Cumberland Urbanized Area Transportation Improvement Program

**FY 2019 – FY 2022**

**Amendment 1 RESOLUTION**  
**No. 19-11**

Resolution approving the Amended Fiscal Year 2019- 2022 Transportation Improvement Program:

WHEREAS, the Cumberland Area Metropolitan Planning Organization was established to manage and provide policy direction to the Unified Planning Program in accordance with Federal requirements, and the Allegany County Commissioners have been designated as the Metropolitan Planning Organization for this area as approved by the Maryland Governor Harry Hughes on May 17, 1982; and

WHEREAS, the staff of the Maryland Department of Transportation and the Allegany County Department of Community Services, have together prepared the Transportation Improvement Program for Fiscal Year 2019 – 2022 in compliance with applicable Federal programs and regulations.

WHEREAS, the Maryland Department of Transportation, the CAMPO Staff, and Technical Advisory Committee prepared the FY 2019 - FY 2022 Transportation Improvement Program (TIP); and

WHEREAS, SHA & the City of Cumberland requested to increase Federal funding by \$700,000.00 for PE, for the Cumberland Street Bridge Project; and

WHEREAS, a draft of the Amended FY 2019 - FY 2022 TIP will be presented available for public comments from June 20, 2019, through July 21, 2019, to be consistent with the requirements of the MPOs Public Participation Process; this amendment will be adopted contingent upon no public comments and

NOW, THEREFORE, BE IT RESOLVED that the Allegany County Commissioners acting as the Cumberland Area Metropolitan Planning Organization approves the Amended Fiscal Year 2019 – 2022 Transportation Improvement Program,

ADOPTED THIS 20<sup>th</sup> day of June, 2019.

County Commissioners of Allegany County, Maryland

## RESOLUTION

### No. 19-1

Resolution approving the Fiscal Year 2019- 2022 Transportation Improvement Program:

WHEREAS, the Cumberland Area Metropolitan Planning Organization was established to manage and provide policy direction to the Unified Planning Program in accordance with Federal requirements, and the Allegany County Commissioners have been designated as the Metropolitan Planning Organization for this area as approved by the Maryland Governor Harry Hughes on May 17, 1982; and

WHEREAS, the staff of the Maryland Department of Transportation and the Allegany County Department of Community Services, have together prepared the Transportation Improvement Program for Fiscal Year 2019 – 2022 in compliance with applicable Federal programs and regulations.

WHEREAS, the Maryland Department of Transportation, the CAMPO Staff, and Technical Advisory Committee prepared the FY 2019 - FY 2022 Transportation Improvement Program (TIP); and

WHEREAS, the Draft FY 2019 - FY 2022 TIP was presented available for public comments from February 7, 2019, through February 21, 2019, to be consistent with the requirements of the MPOs Public Participation Process; and

NOW, THEREFORE, BE IT RESOLVED that the Allegany County Commissioners acting as the Cumberland Area Metropolitan Planning Organization approves the Fiscal Year 2019 – 2022 Transportation Improvement Program.

ADOPTED THIS 21<sup>th</sup> day of February, 2019.

County Commissioners of Allegany County, Maryland

Jacob C. Shade, President

Creade V. Brodie, Jr., Commissioner

David J. Caporale, Commissioner

ATTEST:

  
Brandon S. Butler County Administrator

450 and 49 CFR Part 613). The regulations require a continuing, comprehensive and cooperative (3-C) planning process in all urbanized areas of more than 50,000. The CAMPO is the planning agency responsible for transportation planning within the identified planning area in accordance with Federal regulations.

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) of the U.S. Department of Transportation issued amendments effective June 30, 1983 to their existing regulations governing urban transportation planning under FHWA and FTA grant programs. These amendments were partially intended to simplify administration of the planning process for urbanized areas with a population under 200,000 such as the Cumberland area.

In 1991 the Intermodal Surface Transportation Efficiency Act (ISTEA) was passed. This act revised some of the established regulations and procedures and placed a new emphasis on Metropolitan Planning Organizations. As part of this Act the MPO planning process has been more specifically defined and new planning requirements have been prescribed.

In 1998 the Transportation Equity Act for the 21<sup>st</sup> Century (TEA-21) was passed continuing the initiatives of the 1991 Act, and adding several new provisions and programs.

In 2005, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) was passed, building on the foundation established by ISTEA and TEA-21 and representing the largest surface transportation investment in the Nation's history. SAFETEA-LU expired in 2009 and after a series of Continuing Resolutions, Moving Ahead for Progress in the 21st Century (MAP-21) was signed into law by President Barack Obama in July 2012.

MAP-21 is a two-year bill that seeks to build on and refine many of the highway, transit, bike and pedestrian programs and policies established by ISTEA in 1991. MAP-21 seeks to focus the federal aid program on the following national goals:

1. Safety;
2. Infrastructure;
3. Congestion Reduction;
4. System Reliability;
5. Freight Movement and Economic Vitality;
6. Environmental Sustainability; and
7. Reduced Project Delivery Dates.

The Fixing America's Surface Transportation Act, adopted in December 4, 2015, is the federal transportation legislation that replaces MAP-21. Through the FAST Act, federal funding will be provided for transportation programs for the next five years. The act is anticipated to continue the focus on performance-based planning established in MAP-21. Certain funding programs have been created or modified as a part of the FAST Act. For instance, Transportation Alternatives funding has been placed under the umbrella of the Surface Transportation Program (STP). A new funding category has also been created to advance major freight initiatives.

This Transportation Improvement Program (TIP), which is a component of the prescribed Metropolitan Planning Process, is a compendium of all federally-funded and regionally significant transportation projects that have been programmed for a four-year period for the Cumberland Urbanized

Area. This TIP was available for a 15-day review and comment by the public, which is consistent with the Public Participation Program. The FY 2019 – FY 2022, Transportation Improvement Program was reviewed and adopted by the Cumberland Area MPO on February 7, 2019.

Steps Taken to Comply with FHWA/FTA Regulations

The Allegany County Commissioners, acting in their role as the Metropolitan Planning Organization (MPO), annually approve and amend as appropriate the Transportation Improvement Program as required by U.S. DOT, to be eligible to receive funding for the region’s transportation projects.

**Organization and Management**

Metropolitan Planning Organization

The Cumberland Area Metropolitan Planning Organization was established to manage and provide policy direction to the Unified Planning Program in accordance with Federal requirements, and the Allegany County Commissioners have been designated as the Metropolitan Planning Organization for this area as approved by the Maryland Governor Harry Hughes on May 17, 1982; and

Technical Advisory Committee (TAC)

The CAMPO Technical Advisory Committee (TAC) shall be established to act as an advisory body to the Board for transportation issues that primarily are technical in nature with the responsibility for:

1. Review of technical work of CAMPO, including, but not limited to; the recommendation of approval of Transportation Improvement Program (TIP) Amendments as well as any other similar documents; and
2. The preparation and recommendation of approval of key work products in conjunction with the CAMPO staff; and
3. The development of recommendations for Council approval of relevant projects and programs.

Through this work, the TAC develops recommendations on projects and programs for MPO Board consideration. The TAC includes representation from all modes of transportation in addition to various levels of government, which their expertise affords the opportunity to achieve a unified transportation planning effort.

MPO Staff

The CAMPO Staff are employees of Allegany County Government. The CAMPO Staff manages the daily operations of the MPO as directed by the Board and recommendations of the TAC, and coordinates all planning projects and activities identified by the Board. The CAMPO Staff are the local liaisons to the State and Federal agencies involved in transportation planning consistent with the requirements of a Metropolitan Planning Organization.

Organizational Procedures and Bylaws

The CAMPO operates under an adopted set of Bylaws, which were last adopted on April 26, 2018. Allegany County provides support services to the CAMPO, including legal, and financial and purchasing services, Staff performing these services operate under the rules and procedures of Allegany County and the State of Maryland.

**CUMBERLAND URBANIZED AREA  
METROPOLITAN PLANNING ORGANIZATION**

**PUBLIC PARTICIPATION PROCESS**

The Board of County Commissioners of Allegany County serves as the Metropolitan Planning Organization (MPO) policy body for the urbanized area. Most MPO business including the Unified Planning Work Program (UPWP) and the Transportation Improvement Program (TIP) approvals and amendments are considered and acted on during the Commissioners' regularly scheduled meeting. These meetings are open to the public and public comment and discussion on all agenda items is encouraged. The meeting agendas are published in advance in the local newspapers and on the County website. When an MPO matter is placed on the agenda, a planner from the Allegany County Department of Public Works who serves as the MPO staff attends the meetings to present information and respond to questions and inquiries.

In compliance with SAFETEA-LU and as part of the FY 2008 UPWP, a Public Participation Plan has been developed and was adopted June 5, 2008. The Public Participation formalizes the public process, which will be conducted for all MPO activities including the development, review and approval of the TIP. The TIP also considers effects upon low-income and minority residents.

The Moving Ahead for Progress in the 21st Century Act (MAP-21) was signed into law in July 2012 and builds on and refines the metropolitan transportation planning regulations and programs established by ISTEA and subsequent federal laws. The Fixing America's Surface Transportation Act, adopted in December 2015, is the federal transportation legislation that replaces MAP-21. The MPO will comply with all applicable revisions to the metropolitan transportation planning regulations as the federal guidance is developed.

The public participation process for the TIP will also meet the FTA public participation requirements for the MTA's program of projects.

## Project Prioritization

Maryland's small MPO's, which are staffed by County Planning Offices, do not have formally defined project prioritization processes. However, the MPO's have a role in the development of the Maryland Consolidated Transportation Program (CTP) containing all of the projects programmed in the Metropolitan Transportation Improvement Programs. In addition to the frequent and in some cases daily coordination and consultation between S/WMPO Administrator and MDOT, there are several mechanisms for reaching consensus on the programming of local transportation projects as follows:

- **Maryland Association of Counties & Maryland Municipal League:** These two organizations meet annually and provide both formal and informal opportunities for local elected officials and County representatives in the State to share and discuss transportation needs. MPO policy body members are members of these groups.

- **County Priority Letter:** State and local elected officials are encouraged to reach consensus on local priorities for the secondary highway system and to document these priorities in a letter to the State Highway Administration. The priorities become candidates for funding and inclusion in the CTP.

- **Annual Consolidated Transportation Program (CTP) Tour:** In the Fall of every year the Secretary of Transportation and the Department's modal administrators visit each of the State's 23 counties and Baltimore City to present and solicit input on the Draft CTP from local elected officials, state legislators and citizens. Information obtained at these meetings is used in the development of the final CTP that is presented to the General Assembly for approval at the beginning of the 90-day legislative session in January. Since County elected officials are members of all of Maryland's small MPO policy boards, the MPOs are represented and consulted during the annual CTP Tour.

**Self-Certification**  
***METROPOLITAN TRANSPORTATION PLANNING PROCESS CERTIFICATION***

In accordance with 23 CFR 450.334, the Cumberland Area Metropolitan Planning Organization, the designated Metropolitan Planning Organization for the Cumberland-MD-W-PA Metropolitan Area, hereby certifies that the transportation planning process is addressing the major issues in the metropolitan planning area and is being conducted in accordance with all applicable requirements of:

- (1) 23 U.S.C. 134, 49 U.S.C. Section 5303 and 23 CFR 450 Subpart C (Metropolitan Planning);
- (2) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 200d-1) and 49 CFR part 21;
- (3) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- (4) Section 1101(b) of the Fixing America's Surface Transportation Act (FAST Act - P.L. 114-94) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded planning project;
- (5) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-Aid highway construction contracts;
- (6) The provisions of the American with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27,37 and 38;
- (7) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal finance assistance;
- (8) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- (9) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) AND 49 CFR part 27 regarding discrimination against individuals with disabilities;

Please reference 2019 MPO Self-Certification Narrative, labeled as "ATTACHMENT A" is hereby made an integral part of this document.

# Performance Measures

## Transportation Performance Measure 1: Safety Performance Target Setting

In compliance with the FHWA’s 23 CFR Part 490, Subpart B - National Performance Management Measures for the Highway Safety Improvement Program (“HSIP”), the following is a summary of Cumberland Area Metropolitan Planning Organization (CAMPO) and the Maryland Department of Transportation (MDOT) targets to meet or make significant progress toward the five (5) required safety performance goals. The targets were set by the DOTs in August 2017 and CAMPO opted to adopt and support the statewide targets set by MDOT.

Methodology: Both states have adopted the Toward Zero Deaths (“TZD”) approach. TZD is a data-driven effort to reduce fatalities and serious injuries by developing strong leadership in organizations that directly impact highway safety. Maryland the annual targets for each of the measures are set using an exponential trend line connecting the historical data to the 2030 goal found in their SHSP.

The chart shows the established statewide targets (2015-2019, 5 year rolling averages) for each of the five (5) measures. Once 2018 Fatality Analysis Reporting System (“FARS”), Highway Performance Monitoring System (“HPMS”), and FARS Annual Report File (“ARF”) data becomes finalized (December 2019) it will be compared to these targets to determine whether Maryland and MPOs have met or made significant progress toward our crash reduction targets.

PM 1. Safety	Measure	Target (CY 2019)
	Number of fatalities	435.0
	Number of serious injuries	3211.1
	Fatalities/100 million VMT	0.771
	Serious injuries/100 million VMT	5.702
	Non-motorized fatalities & serious injuries	473.9

## Transit Asset Management

Under the requirements of MAP-21, the Federal Transit Administration (FTA) Transit Asset Management Final Rule was published July 26, 2016 in the Federal Register and became effective October 1, 2016. The final rule established minimum Federal requirements for transit asset management that include:

- Establishing Transit Asset Management (TAM) Performance Targets
- Coordinating the Performance Targets with the State DOT and MPOs
- Develop of Transit Asset Management Plans (TAMP)
- Reporting of asset inventories, conditions, and performance measures through the National Transit Database

The above requirements apply to all recipients of Federal financial assistance under 49 U.S.C. Chapter who own, operate, or manage public transportation capital assets. Transit Asset Management (TAM), is a model that uses the condition of assets to guide the optimal prioritization of funding at transit agencies in order to keep transit networks in a 'State of Good Repair' (SGR).

The FTA is implementing TAM using a two-tiered approach in order to reduce TAM requirements for agencies operating smaller fleets. They are defined as such:

- Tier I: A Tier I provider is a recipient who owns, operates, or manages 101 or more vehicles in revenue service during peak regular service across all fixed route modes or in any one non-fixed route mode, or who operates rail transit.
- Tier II: A Tier II provider is a recipient who owns, operates, or manages 100 or fewer vehicles in revenue service during peak regular service across all non-rail fixed route modes or in any one non-fixed route mode; a sub-recipient under the 5311 Rural Area Formula program; a sub-recipient under the 5310 Seniors and Individuals with Disabilities program who operates an open-door service; or any American Indian tribe.

Within the CAMPO region Allegany County Transit is classified as Tier II operator. The final performance measures that all Tier II Locally Operated Transit Services (LOTS) will be required to adopt are:

- **Rolling Stock (Revenue Vehicles):** % of revenue vehicles within a particular asset class that have met or exceeded their useful life benchmark
- **Facilities:** % of facilities with a condition rating below 3.0 on the FTA Transit Economic Requirements Model (TERM) scale
- **Infrastructure (Guideway):** % of guideway directional route miles with performance restrictions by class (*not applicable to the CAMPO region*)
- **Equipment (Non-revenue vehicles):** % of vehicles that have met or exceeded their useful life benchmark

Per the requirements of the TAM Final Rule, CAMPO has coordinated with the Maryland Transit Authority (MTA) in establishing the performance targets for the above categories. CAMPO acknowledges that the transit projects contained within the TIP will help achieve the SGR targets.

## Maryland – Allegany County Transit

The following charts outline the baseline reporting and performance measure targets set by Allegany County Transit, via MTA assistance in FY 2020:

Asset Category	Asset Class	FY18 Performance	FY19 Target (TAMP)	FY19 Performance	FY20 Target
Revenue Vehicles	Bus	23%	13%	17%	11.5%
	Cutaway Bus	11%	11%	17%	14.5%
	Automobile	27%	39%	33%	33.0%
	Van	45%	35%	30%	25.5%
	Ferry Boat	0%	50%	0%	0%
Equipment	Non-Revenue Vehicles	20%	15%	30%	37.5%
Facilities	Administrative/Maintenance	12%	24%	4%	4%
	Passenger/Parking	0%	25%	0%	0%
